also on American life As a major backer of companies like Pan American Airlines Macy's and RKO Lehman helped lead the country into major new industries and helped support some of its most intrepid entrepreneurs He then shows how starting in the 1980s Lehman's increased focus on short term gain investments led the firm down the dangerous path that would eventually lead to its demise In the end the story of Lehman Brothers is not only the story of a truly important American company but a cautionary tale of what happens when leaders lose sight of their core mission in their quest for something too good to be true Praise for *The Last of the Imperious Rich* Thought provoking and illuminating The New York Times Chapman has succeeded in holding up a mirror to America's past and what its future might hold Bloomberg
