Successful Business Growth:

Successful Business Expansion Philip S. Orsino,1994 Growth is an inescapable fact of life in today's hypercompetitive global marketplace. But even the healthiest of companies will collapse under the weight of hasty unfocused or inappropriate expansion. This book explores the keys to successful business expansion and outlines the proven growth management techniques that in just a decade have transformed Philip Orsino's own firm from a small start-up shop in 1983 to an international market giant with sales of more than 500 million in 1993. Now you can learn how to succeed by planning effectively for a future that includes growth.

A Modern Day Blueprint for Business Growth and Expansion Albert Castello, 2021-02-01 This book A Modern Day Blueprint for Business Growth and Expansion is written as a comprehensive planning and development tool for a business contemplating a major growth and expansion effort It attempts to demonstrate a properly defined approach for any sized company to ensure a successful effort for growth and expansion While owners and management of businesses see uniqueness in how they operate and make decisions on key factors such as the need to add equipment increase sales volume coverage and go to the bank for funding more important topics are sometimes not considered in enough detail to formulate develop and implement a successful plan Of course there are other alternatives to initiating a plan and control its implementation but if goals are not properly defined certain business functions are not addressed and research of the unknown is not accomplished be prepared to address unforeseen results like showing waste of resources loss of key employees over spending and possible loss of customers In the book important subjects covering national and international expansions are discussed and differentiated We dwell on the difference between the terms growth and expansion The impact of the effect as to how business is accomplished use of systems and procedures organizational emotions and benefit expectations are presented in a successful real case study situation The decision making is illustrated throughout the business planning process and is supported by expected results using these concepts Once a decision to develop a growth and expansion plan is made the most important task lies ahead emphasizing the preparation that is required This covers detailed review due diligence revisions to current operations and expectations that determines issues and extenuating circumstances which require attention Finally development and

implementation of the plan can be appropriately handled using the timing and financial capabilities to support the effort with little or no disruption to the current business cycles as well as properly funding the effort As a rule most companies expect to grow and have different ideas and expectations in developing an approach Results are measured in different ways but there are key elements like meeting income and cash flow requirements properly investing in capital assets upgrading the organization to meet the challenges of growth and expansion and enhancing the technological effort to integrate the new and old systems This blueprint as described emphasizes patience when considering growth and expansion expectations strategy in the decision making process realistic assessment and understanding in preparing to meet the requirements of growth and expansion planning practical development of the plan around the way the company operates and uses organizational capabilities timely use of resources and funds during the implementation process The attempt to recognize the approach as outlined in the book does not feature an academic or theoretical example The actions taken in this book are real and factual As stated in the Introduction there are other real and factual approaches that may or have been used in other successful growth and expansion projects 1
