this time, relief and
deliverance... will arise
from another place...
And who knows but that you
have come to your royal
position for such a time as

Kvanvig,2018 This book is devoted to articulating the connections between the nature and value of faith and humility The goal is to understand faith and humility in a way that does not discriminate between religious and mundane contexts between sacred and secular It arises from a conviction that these two character traits are important to a flourishing life and intimately related to each other in such a way that the presence of one demands the presence of the other In particular the book defends the claim that each of these virtues provides a necessary compensating balance to the potential downside of the other virtue The result of such an inquiry if that inquiry is successful will require a re orienting of discussions surrounding faith including debates about the relationship between faith and reason Self-Motivation Through Risk Taking!
