Sudden Terror Exposing Militant Islam's War Against The United States And Israel:

Sudden Terror David Friedman (Ph. D.), 2002 September 11 2001 A day that changed the world No longer do Americans have the luxury of assuming that because we are halfway across the globe from nations that incite terrorism we are immune to danger We have now experienced what Israel has been living with for decades Sudden Terror exposes the hidden agenda of militant Islam You will learn 7why both the United States and Israel are targets of this radical scheme7what nations that give rise to terrorism are teaching their children7what is being printed in their newspapers and broadcast over their airwaves The author a former member of the Israel Defense Forces provides eye opening answers to these and other critical questions *Reasoning with God* Khaled Abou El Fadl, 2014-10-23 In light of recent concern over Shari'ah such as proposed laws to prohibit it in the United States and conflict over the role it should play in the new Egyptian constitution many people are confused about the meaning of Shari'ah in Islam and its role in the world today In *Reasoning with God* renowned Islamic scholar Khaled Abou El Fadl explains not only what Shari'ah really means but also the way it can revitalize and reengage contemporary Islam After a prologue that provides an essential overview of Shari'ah Abou El Fadl explores the moral trajectory of Islam in today's world Weaving powerful personal stories with broader global examples he shows the ways that some interpretations of Islam today have undermined its potential in peace and love Rather than simply outlining challenges however the author provides constructive suggestions about how Muslims can reengage the ethical tradition of their faith through Shari'ah As the world's second largest religion Islam remains an important force on the global stage *Reasoning with God* takes readers both Muslim and non Muslim beyond superficial understandings of Shari'ah to a deeper understanding of its meaning and potential *The Enemy of My Enemy* George Michael, 2006 In the violent world of radical extremists the enemy of my enemy is my friend This study reveals how that precept plays out in the unexpected bonding between militant Islam and the extreme right in America and Europe It provides an insightful and sane look at the possibilities for collaboration between these groups *What's Next? Israel-Gaza War* Jimmy Evans, Mark Hitchcock, 2023-11-02 Are you ready to take a stand The world is closely watching Israel following a severe conflict with Hamas As tensions escalate the potential for a broader regional conflict looms What implications does this hold for Israel's future and biblical prophecy This insightful book delves into Israel's historic and prophetic role in God's plan Authors Jimmy Evans and Mark Hitchcock offer perspective on the Biblical foundations for Israel's claim to the land Intricate history of the Israeli Palestinian dispute Emergence of radical Islam and the rise of anti-Semitism Prophecies concerning Israel in the End Times Ways Christians can pray for and stand with Israel God assures blessing for those who bless Israel As global sentiment shifts understanding Israel's importance is crucial Equip yourself with knowledge and stand with Israel in these pivotal moments **The Cold War** Spencer C. Is the Two-state Solution Already Dead?** Hasan Afif El-Hasan,2010 Written by a Palestinian with intimate knowledge of the political and physical landscape of the region at its basic level the book advocates for a just peace based on the human rights and international law a peace which all parties to the century old conflict need In this history of Palestine the author shows that both sides of the conflict as well as the international community share the blame for the failure to bring the issue to a just conclusion Most of the responsibility he says lies at the door of the Palestinian leaders themselves who seem to suffer from institutionalized incompetence in dealing with the Israelis and the Israelis are to be blamed for their refusal to transform their colonial enterprise into reconciliation politics by acknowledging the claims of the indigenous Palestinian people At the same time there is every sign that this impasse was deliberately created at the outset by the international community led by Great Britain in the endless game of divide and rule Unlike many optimistic writers who expect US President Barack Obama and his

administration to find a just solution to the conflict the author concludes that the Obama Administration would have to reverse the traditional US policy in the Middle East entirely if it is to solve the Palestinian Israeli conflict Delving into the historical background behind all the parties to the issue the book provides much needed background for understanding news events today and basic information that even human rights activists and peace organizations may not have fully appreciated Throughout the author seeks to transcend his ethnicity and deal fairly with the positions of people holding different worldviews

Beware of Small States David Hirst, 2010-08 Beware of small states wrote the Russian anarchist Michail Bakunin for they are the victims of greater states yet a source of danger to them too Lebanon a country half the size of Vermont might almost have been designed to be the small state of the Middle East It is the battleground on which the region's greater states pursue their strategic political and ideological conflicts conflicts that sometimes escalate into full scale proxy wars In this magisterial history of Lebanon from the end of the Ottoman rule to the Hizbullah and Hamas wars of today David Hirst the acclaimed and fiercely independent Middle East journalist and historian charts with extraordinary skill and lucidity the intricate interplay between Lebanon and its geopolitical environment This history of Lebanon is also a history of the whole Middle East and above all of the Arab Israeli conflict Several states from inside the region and beyond have impinged on Lebanon throughout its history invading attacking and occupying it but none has done so more strenuously and disruptively than Israel Hirst who has been banned from traveling in six Arab states and was kidnapped twice during Lebanon's civil war takes an unsparing look at Israel's role providing extraordinary accounts of the invasions of 1982 and 2006 as well as Israel's shock and awe attack on Gaza in early 2009 Hirst warns that only serious diplomatic action from the new Obama administration can prevent the next proxy war spiraling into a conflict that engulfs the entire region
