Posner,2021-10-26 National parks are places of immeasurable beauty but before them came something else Discover the origin of National Parks through the lives and adventures of some fantastic creatures The Creative One fashioned Realms that preceded the parks as formless and without void until they were filled with remarkable life In one of the Realms known as Glacier there is a formidable being known as the Huckleberry King who reigns supreme over his clan of living warrior berries The Huckles had lived in relative peace but have long ranging disputes with the Redwood Trees concerning the Ancient Manuscripts Throughout the reader is immersed in a transformative adventure as the Huckles journey through the Realms The Huckles encounter creatures and scenes that move and inspire in them a love for nature and the outdoors which ushers them to nurture and care for their world Eventually the Huckles and Trees lay aside their disputes as they are taught love and preservation for creation This leads to the Realms being changed into National Parks that reflect these principles As the Huckles do on their journey so too must we fall in love with preservation of our world in the way that God intends **The Edinburgh Review**,1857 **Littell's Living Age** Eliakim Littell,Robert S.
