Innovation in Islam Mehran Kamrava,2011-04-18 In a clear and historically incisive argument Kamrava and the other contributors indicate how the Islamic concept of innovation Arabic bid a is an essentially contested and adaptive concept Since the time of the Prophet Muhammad Muslims have vigorously argued about its meaning and how to apply it This incisive collection of essays range far beyond the confines of theology and jurisprudence integrating ideological concerns with the exigencies of mundane ones as well as crossing the sectarian divide of Sunni and Shia Dale Eickelman author of Muslim Politics The economic and political underdevelopment of the Islamic world is commonly attributed to conservatism rooted in Islam This splendid collection of provocative essays addresses the issue from several different perspectives and in various contexts Collectively the essays provide a broad introduction to the topic of innovation in Islam both through what they teach and what they invite the reader to pursue Timur Kuran author of The Long Divergence How Islamic Law Held Back the Middle East Muhammad brought new ideas and practices to the monotheistic tradition but Muslim scholars interpreting the Qur an and ahadith sought to squelch ideas that smacked of innovation Such is the conventional wisdom But Mehran Kamrava leads a stable of distinguished scholars in demonstrating persuasively that innovation has never ceased to

mark the Islamic tradition Indeed the greatest modern innovators may be those Islamists who denounce innovation These powerful essays overwhelm the conventional wisdom Robert D Lee author of Religion and Politics in the Middle East Identity Ideology Institutions and Attitudes **The Universal Anthology** Richard Garnett, 1899 What is Islam? Shahab Ahmed, 2016 A bold new conceptualization of Islam that reflects its contradictions and rich diversity What is Islam How do we grasp a human and historical phenomenon characterized by such variety and contradiction What is Islamic about Islamic philosophy or Islamic art Should we speak of Islam or of islams Should we distinguish the Islamic the religious from the Islamicate the cultural Or should we abandon Islamic altogether as an analytical term In What Is Islam Shahab Ahmed presents a bold new conceptualization of Islam that challenges dominant understandings grounded in the categories of religion and culture or those that privilege law and scripture He argues that these modes of thinking obstruct us from understanding Islam distorting it diminishing it and rendering it incoherent What Is Islam formulates a new conceptual language for analyzing Islam It presents a new paradigm of how Muslims have historically understood divine revelation one that enables us to understand how and why Muslims through history have embraced values such as exploration ambiguity aestheticization polyvalence and relativism as well as practices such as figural art music and even wine drinking as Islamic It also puts forward a new understanding of the historical constitution of Islamic law and its relationship to philosophical ethics and political theory A book that is certain to provoke debate and significantly alter our understanding of Islam What Is Islam reveals how Muslims have historically conceived of and lived with Islam as norms and truths that are at once contradictory yet coherent **The universal anthology, a collection of the best literature, with biographical and explanatory notes, ed. by R. Garnett, L. Vallée, A. Brandl. Imperial ed** Richard Garnett, 1899 **Plotinus** Stephen R. L. Clark, 2016-05-04 A bold work that applies a new approach to the interpretation of the thought of the founder of Neoplatonism beautifully written Notre Dame Philosophical Reviews Plotinus the Roman philosopher c 204 270 CE who is widely regarded as the founder of Neoplatonism was also the creator of numerous myths images and metaphors They have influenced both secular philosophers and Christian and Muslim theologians but have frequently been dismissed by modern scholars as merely ornamental In this book distinguished philosopher Stephen R L Clark shows that they form a vital set of spiritual exercises by which individuals can achieve one of Plotinus's most important goals self transformation through contemplation Clark examines a variety of Plotinus's myths and metaphors within the cultural and philosophical context of his time asking probing questions about their contemplative effects What is it for example to think away the spatiality of material things What state of mind is Plotinus recommending when he speaks of love or drunkenness or nakedness What star like consciousness is intended when he declares that we were once stars or are stars eternally What does it mean to say that the soul goes around God And how are we supposed to bring the god in us back to the god in all Through these rich images and structures Clark casts Plotinus as a philosopher deeply concerned with philosophy as a way of life Highly enjoyable His

book is the tool by which we learn to read Plotinus in a dynamic way that transforms our very selves Classical World

**Judaism, Sufism, and the Pietists of Medieval Egypt** Elisha Russ-Fishbane, 2015 Judaism Sufism and the Pietists of Medieval Egypt addresses the extraordinary rise and inner life of the Egyptian pietist movement in the first half of the thirteenth century The creative engagement with the dominant Islamic culture was always present even when unspoken Elisha Russ Fishbane calls attention to the Sufi subtext of Jewish pietism while striving not to reduce its spiritual synthesis and religious renewal to a set of political calculations Ultimately no single term or concept can fully address the creative expression of pietism that so animated Jewish society and that left its mark in numerous manuscripts and fragments from medieval Egypt Russ Fishbane offers a nuanced examination of the pietist sources on their own terms drawing as far as possible upon their own definitions and perceptions Jewish society in thirteenth century Egypt reflects the dynamic reexamination by a venerable community of its foundational texts and traditions even of its very identity and institutions viewed and reviewed in the full light of its Islamic environment The historical legacy of this religious synthesis belongs at once to the realm of Jewish culture in all its diversity and dynamism as well as to the broader spiritual orbit of Islamicate civilization

**A Return to the Spirit** Martin Lings, 2005 This insightful autobiographical account details one man's relationship with a spiritual master and how it led to a deep spiritual understanding of human life The 96 year old author a respected British scholar recounts the lessons learned from the Sufi sage including the answers to profound questions such as Do religions contradict one another What is the spiritual significance of tears and laughter How does the Divine play a part in such simple acts Do civilizations embody spirituality and How is the Quranic definition of the afterlife related to Sufism An appendix in memory of Dr Lings includes tributes from Huston Smith and Wendell Berry photos from Doctor Lings and excerpts from major obituaries

Indian Sufism since the Seventeenth Century Nile Green, 2006-09-27 Sufism is often regarded as standing mystically aloof from its wider cultural settings By turning this perspective on its head Indian Sufism since the Seventeenth Century reveals the politics and poetry of Indian Sufism through the study of Islamic sainthood in the midst of a cosmopolitan Indian society comprising migrants soldiers litterateurs and princes Placing the mystical traditions of Indian Islam within their cultural contexts this interesting study focuses on the shrines of four Sufi saints in the neglected Deccan region and their changing roles under the rule of the Mughals the Nizams of Hyderabad and after 1948 the Indian nation In particular Green studies the city of Awrangabad examining the vibrant intellectual and cultural history of this city as part of the independent state of Hyderabad He employs a combination of historical texts and anthropological fieldwork which provide a fresh perspective on developments of devotional Islam in South Asia over the past three centuries giving a fuller understanding of Sufism and Muslim saints in South Asia

*Politics, Poetry, and Sufism in Medieval Iran* Chad Lingwood, 2013-12-11 In Politics Poetry and Sufism in Medieval Iran Chad Lingwood offers new insights into the political significance of poetry and Sufism at the court of Sulayman ibn al-Ash'ath 896-1490 leader of the Buyid dynasty The basis of the study is Salim

Salman Rushdie's Persian allegorical romance *Shamsa* (1988-1992) the great Timurid belletrist and Naqshbandi Sufi dedicated to Yaqub Lingwood demonstrates that *Salman Rushdie's Shamsa* which modern critics have dismissed as crude and grotesque is a sophisticated work of political and mystical advice for a Muslim ruler. In the process he challenges received wisdom concerning the quality of Persian Islamic advice literature. Significantly the study illustrates the extent to which Rushdie's compositions integrated the Timurid and Persian realms. Letters of a Sufi Scholar Samer Akkash, 2009-10-26 As a leading Muslim thinker Abd al Ghan al N bulus of Damascus creatively engaged with the social religious and intellectual challenges that emerged during the early modern period in which he lived. Yet at a time of high anti mystical fervour his Sufi inspired views faced strong local antipathy. Through extensive correspondence presented here for the first time Abd al Ghan projected his ideas and teachings beyond the parochial boundaries of Damascus and was thus able to assert his authority at a wider regional level. The letters he himself selected compiled and titled shed fresh lights on the religious and intellectual exchanges among scholars in the eastern Ottoman provinces revealing a dynamic and rigorous image of Islam one that is profoundly inspired by humility tolerance and love. <http://tntypography.com/brill.html> **Sufis in Western Society** Markus Dressler, Ron Geaves, Gritt Klinkhammer, 2009-06-02 In recent years Sufism has undergone something of a revival as a spiritual alternative to other manifestations of Islam. This book investigates the development of Sufism in Western societies with a regional focus on North America and Europe. Exploring a number of issues relating to the dynamic tensions between religious globalization processes and specific sacred localities this book looks at the formation of Sufi movements that have migrated from their place of origin to become global religious networks. Sufi groups are highly differentiated and often inaccessible so the origins and development of Sufism in the West have not been widely studied. Employing a comparative approach based on regional fieldwork and case studies this book addresses theoretical issues and gives a comprehensive analysis of distinct communities and the development of regional branches of Sufi orders providing an international perspective on Sufism in the West. With contributions from well known international experts on the topic the book addresses Sufi orders in the context of the transnational networks in which they are operating and the constraints of the localities in which they live. This book will be of interest to scholars and students of religion Islam and Sufism in particular.
