The Knowing Heart Kabir Helminski,2000-10-24 An engaging study of Sufi teachings that presents the Sufi way as a universal means of gaining a greater understanding of ourselves others and the world In Sufi teaching the human heart is not a fanciful metaphor but an objective organ of intuition and perception It perceives all that is beautiful lovely and meaningful in life and reflects these spiritual qualities in the world for the benefit of others Every human heart has the capacity and the destiny to bring that world of divine reality into this world of appearances The Sufis mystics of Islam have been educators of the heart for some fourteen centuries Their teachings and methods are designed to help us awaken and purify the heart to learn to listen to our deepest knowing In *The Knowing Heart* Kabir Helminski presents the Sufi way as a practical spirituality suitable for all cultures and times and offers insights that are especially valuable for our life in today s world In cultivating a knowing heart we learn to experience a new sense of self transform our relationships and enhance our creative capacities Most important we learn how to meet the spiritual challenge of our time to realize our sacred humanness **Sufism**

Llewellyn Vaughan-Lee, 1995-06-01 This is a clear and accessible approach to the spiritual tradition of Sufism a mystical path which uses the energy of love for inner transformation Vaughan Lee gives an outline of Sufism its basic principles historical background and recent development in the West and offers practical guidelines to help the seeker *Love is a Fire*

Llewellyn Vaughan-Lee, 2001-07-15 Based on live talks and meetings with Llewellyn Vaughan Lee this is an introduction to the passion and wisdom of the Sufi path of love The call of the heart and how it draws us back to divine union is one of mankind's greatest secrets and for the Sufi this love is a fire that burns away all traces of separation Vaughan Lee teaches how to live this burning and describes stages of the path of love on the soul's journey home Love Is a Fire includes descriptions of the friends of God early Sufi saints who burned with the fire of divine love including Rumi Ibn Arabi and Rabi'a It also introduces elements of the path and important tools that purify the wayfarer tauba the moment of the turning of the heart when the soul remembers its divine origin dhikr the central Sufi practice of remembrance of God through repetition of the name of God or a sacred phrase meditation a way of drowning thoughts in the fire of love and dreamwork a way of listening and attuning to the mystery of what is hidden within us the stories of our deeper selves This book is also available as an audio recording Love is a Fire and I am Wood published by Sounds True forged in the fire of the heart this is a book for all those who are looking for the direct way to connection with the Eternal Now Simply to read this fine expression of a lifetime's longing is to feel aligned with the Divine Ground Anne Baring coauthor The Divine Feminine a gift to all seekers whatever path they are on Andrew Harvey author Light Upon Light A Celebration of Rumi *The Knowing Heart* Kabir Edmund Helminski, 2000 **Paths To The Heart: Sufism And The Christ** James S. Cutsinger, 2010-08-01 Despite the long and well known history of conflict between Christians and Muslims their mystical traditions especially in the Christian East and in Sufism have shared for centuries many of the same spiritual methods and goals The purpose of this book the first major publication of its kind is to promote precisely this more inward kind of ecumenical perspective These essays point to a spiritual heart in which the deeper meaning of Christian and Muslim beliefs and practices come alive and where spiritual pilgrims may discover beyond the level of seemingly contradictory forms an inner commonality with those who follow other paths *Awakening* Pir Vilayat Inayat Khan, 2000-07-10 This book drawing on the wisdom of an 83 year old Sufi master defines awakening and offers a clear map for the journey Personal Transformation magazine *Sufism as Therapy* Omar Ali-Shah, 1995 This is not a kind of mystical cookbook containing various recipes designed to provide a Sufic cure for earache nosebleed or piles Such books do exist and their degree of usefulness is doubtful to say the least even if there is a perfect equation in such literature between the greed of the reader and the intention of the author What is involved here is something simple a way of dealing with what can be called a common intent to cure even if its application can be highly sophisticated As Omar Ali Shah says in this book The Sufi Tradition contains techniques energies and applications of therapy but the Tradition itself is not a therapy Since the aim of the Sufi Tradition is to provide an individual with the means to effect

a transformation of the self at the highest possible level of the spirit its objective cannot be limited to the relief of suffering and illness even if many of the actions exercises and concepts of the Tradition can be mobilized towards such applications In this book we see a kind of dialogue working itself out between a contemporary Sufi teacher and a number of professional therapists who are seeking to reinforce their fragile time based scientific disciplines with a way of knowledge and wisdom that has existed in many different guises from the dawn of man Omar Ali Shah s words here are concrete practical and also analogical even repetitions in this book throw light on the way a preconceived attitude or conditioning can lead people into imbalance and illness But the author puts it very clearly illness is a distortion not an inevitable state every person secretes some form of self improvement and the job of the therapist is to connect the patient s own energy to his science The enemy can be overcome Back cover

Sufi Talks Robert Frager, 2012-12-19 Once a woman brought her son to the thirteenth century Turkish Sufi master Nasruddin complaining that the boy had an uncontrollable sweet tooth She asked Nasruddin to tell the boy to stop eating sweets He said to bring him back in four weeks When they returned he said Boy I order you to stop eating sweets The mother asked Couldn t you have said that at the beginning Why make us wait four weeks No I couldn t have said that even two weeks ago Nasruddin replied Why not asked the mother Because I love sweets myself First I had to control my own love for them Only then could I tell your son to stop eating them That is words are empty unless backed by experience says Robert Frager People will not change until they hear from those who have lived what they teach Frager has indeed lived his teaching Founder of the Institute for Transpersonal Psychology in 1975 in 1976 he became a student of the Sufi master Muzaffer Efendi Since becoming a sheikh in 1985 he has given many sohbet a Turkish word for the spiritual conversations Sufi teachers hold to inspire their students The sohbet he presents here are compiled from his talks over the past decade and represent Sufism as it is now practiced in the United States Frager believes that the wisdom in such talks flows through the sheikh from his teacher and his teacher s teacher all the way back to the Prophet Mohammad and God the sheikh is merely a channel for something greater than any individual Moreover these talks are not lectures but rather living connections going both ways between heart and heart Indeed the warm personal immediacy to Frager s voice is rarely found Like the tales of Nasruddin he teaches through colorful anecdote and metaphors Sufi practice has two sides he says one is to develop our love of God the other is to become less self centered We need both just as a bird needs both wings to fly How can I put my knowledge into practice is the question we must ask As the Qur an states those who fail to live by their understanding are like donkeys carrying a load of books The books won t change them They can carry the holiest books but will still be donkeys Among the practices Frager teaches are zikr or remembrance of God through chanting halvet or spiritual retreat and adab or right action Thus do we develop character or rather restore the character we had at birth I ve never seen a baby with a bad character he says We are all born in a pure state With hard work and God s blessings we can return to it Other topics include Obstacles on the Path Reducing Narcissism Inner Work Prayer Marriage Generosity Taking

Responsibility and Waking before We Die No matter what one's religion the reader will find such universal wisdom in this book that he will agree with Frager's teacher Muzaffer Efendi who once advised You can tell these stories ten thousand times and people will still benefit from them
