Sir Edwin Lutyens:

Lutyens Abroad Andrew Hopkins, Gavin Stamp, 2002 The studies in this volume offer the first serious examination of Sir Edwin Lutyens's hugely significant work beyond Great Britain With the exception of New Delhi far less attention has been paid to Lutyens's work abroad than to his work at home Sir Edwin Lutyens 1869 1944 made his name by designing romantic vernacular weekend houses at home in southern England however he also responded to opportunities offered by Britain's Imperial ambitions abroad The studies in this volume offer the first serious examination of Sir Edwin Lutyens's hugely significant work beyond Great Britain With the exception of New Delhi far less attention has been paid to Lutyens's work abroad than to his work at home some buildings indeed being almost unknown although it is arguable that his finest creations works of transcendent humanity and originality within the Western tradition are to be found along the former battlefields of the Western Front and the hot plains of India

Sir Edwin Lutyens Clive Aslet, 2024-07-02 Sir Edwin Lutyens 1869 1944 was one of the great architects of the twentieth century His Edwardian country houses surrounded by rhapsodic gardens beguiled clients with their romance and wit After 1918 the war memorials that he created symbolized a grieving nation's sense of loss In the new capital of the British Raj New Delhi the Viceroy's House or Rashtrapati Bhavan had a footprint bigger than Versailles His unfinished Liverpool Cathedral would have rivaled St Peter's in Rome Intensely shy Lutyens hid his personality behind puns and jokes and yet he could be called part mystic a reference to an inner profundity Rich in stories this entertaining and stylish short biography is a major new study incorporating fresh research which shows this most charismatic of architects in a new light

development of the Lutyens style and illustrates his remarkable blend of function and artistry from the imposing granite of Castle Drogo and Lindisfarne to the restful appeal of Munstead Wood which he designed for his long term collaborator and friend Gertrude Jekyll Wilhide also devotes a large section of the book to Lutyens s wonderful interiors With commissioned photographs showing interiors and gardens as well as original designs for furniture this elegant monograph provides a fresh insight into a rich and enduring heritage of design

The Architect and His Wife Jane Ridley,2002 This is a full biography of a witty complex personality a man who had little formal education who loved jokes and hated growing up It is also a portrait of an extraordinary marriage His wife Emily fell in love with Krishnamurti 21 years her junior and believed to be the reincarnation of a god and she thereafter spent her time and her husband s money promoting Theosophy a Hindu inspired cult Lutyens s failure to find a common language with Emily possibly drove him to achieve the remarkable communication through the language of architecture which characterises his best work
