Conforth, 2013-05-16 In African American Folksong and American Cultural Politics The Lawrence Gellert Story scholar and musician Bruce Conforth tells the story of one of the most unusual collections of African American folk music ever amassed and the remarkable story of the man who produced it Lawrence Gellert Compiled between the World Wars Gellert s recordings were immediately adopted by the American Left as the voice of the true American proletariat with the songs largely variants of traditional work songs or blues dubbed by the Left as songs of protest As both the songs and Gellert s standing itself turned into propaganda weapons of left wing agitators Gellert experienced a meteoric rise within the circles of left wing organizations and the American Communist party But such success proved ephemeral with Gellert contributing to his own neglect by steadfastly refusing to release information about where and from whom he had collected his recordings Later scholars as a result would skip over his closely held largely inaccessible research with some asserting Gellert s work had been doctored for political purposes And to a certain extent they were correct Conforth reveals how Gellert at least assisted in the creation of some of his more political material But hidden behind the few

protest songs that Gellert allowed to become public was a vast body of legitimate African American folksongs enough to rival the work of any of his contemporary collectors Had Gellert granted access to all his material scholars would have quickly seen that it comprised an incredibly complete and diverse collection of all African American song genres work songs blues chants spirituals as well as the largest body of African American folktales about Irish Americans what were referred to as One Time I shman tales It also included vast swaths of African American oral literature collected by Gellert as part of the Federal Writers Project In African American Folksong and American Cultural Politics Conforth brings to light for the first time the entire body of work collected by Lawrence Gellert establishing his place and the place for the material he collected within the pages of American folk song scholarship In addition to shedding new light on the concept of protest music within African American folk music Conforth discusses the unique relationship of the American Left to this music and how personal psychology and the demands of the American Communist party would come to ruin Gellert's life African American Folksong and American Cultural Politics will appeal to students and scholars in the fields of American social and political history African American studies the history of American folk music and ethnomusicology

By 1908 he had begun his performing career initially at small house parties then at barrelhouses and other settings that could accommodate a hundred people or more. Until his death in 1934, Patton was a top draw for the numerous African Americans then living and working in the Delta. In 1929 and 1930 he recorded several hits for Paramount Records on the basis of which he was sought by the American Record Company in January 1934 for what would be his last recordings. He was immensely influential to other bluesmen including Tommy Johnson, Kid Bailey, Robert Johnson, and Howlin' Wolf. Since 1991 his collected recordings have been available to the wider public. This book was previously published in 1988 under the authorship of Wardlow b. 1940 and Calt 1946-2010. Its sole printing of 3,000 paperback copies sold out within seven years, and since 1988 additional recordings of Patton and his associates have been recovered and widely reissued to the public, particularly on Jack White's Third Man Records. Komara b. 1966 has updated Wardlow and Calt's original edition and has written a new afterword discussing a resurgence of Delta blues style rock and the continuing influence of Patton and the music genre he helped pioneer      **Ethnology of the Kwakiutl** Franz Boas, 1921
