Sang, 2003-01-15 In early twentieth century China age old traditions of homosocial and homoerotic relationships between women suddenly became an issue of widespread public concern Discussed formerly in terms of friendship and sisterhood these relationships came to be associated with feminism on the one hand and psychobiological perversion on the other a radical shift whose origins have long been unclear In this first ever book length study of Chinese lesbians Tze lan D Sang convincingly ties the debate over female same sex love in China to the emergence of Chinese modernity As women s

participation in social economic and political affairs grew Sang argues so too did the societal significance of their romantic and sexual relations Focusing especially on literature by or about women preferring women Sang traces the history of female same sex relations in China from the late imperial period 1600 1911 through the Republican era 1912 1949 She ends by examining the reemergence of public debate on lesbians in China after Mao and in Taiwan after martial law including the important roles played by globalization and identity politics *Flowers, Dragons & Pine Trees* Mary M. *Polygamy and Sublime Passion* Keith McMahon, 2009-11-24 For centuries of Chinese history polygamy and prostitution were closely linked practices that legitimized the polygynous male the man with multiple sexual partners Despite their strict hierarchies these practices also addressed fundamental antagonisms in sexual relations in serious and constructive ways Qing fiction abounds in stories of female resistance and superiority Women main wives concubines and prostitutes were adept at exerting control and gaining status for themselves while men indulged in elaborate fantasies about female power In *Polygamy and Sublime Passion* Keith McMahon introduces a new concept passive polygamy to explain the unusual number of Qing stories in which women take charge of a man's desires turning him into an instrument of female will To this he adds a story that haunted the institutions of polygamy and prostitution the tale of sublime passion in which the main characters are a remarkable woman and her male lover Throughout the book McMahon examines how polygamy prostitution and the story of sublime passion encountered the first stages of paradigmatic change in the nineteenth century decades before the legal abolition of polygamy By the end of the Qing dynasty in 1911 love stories were celebrating the exploits of street smart prostitutes who fleeced gullible patrons in the bustling city of Shanghai What do these characters have in common with their early counterparts as men and women became inhabitants of a new city in an era flooded with ideas from radically foreign sources all of this taking place in a time of economic and cultural dislocation McMahon reads late Qing love stories in a historically symbolic way taking them as part of a larger fantasy of Chinese civilization undergoing a fundamental crisis The polygamous marriage and the affairs of the brothel became metaphorical staging grounds for portraying the destiny of China on the verge of modernity Finally McMahon speculates on the changes polygamous sexuality underwent after the Qing dynasty ended and whether it exerted a residual influence in later times *Polygamy and Sublime Passion* will undoubtedly engage those interested in Chinese society culture literature and gender studies as well as comparativists seeking to understand the diverse responses to modernization around the world

process and the changing status of literati contributed to the rise of this new feature of the novel As office holding became increasingly unavailable to many literati new roles and new identities that allowed them to retain a claim to membership in the elite had to be found The novel with its ability to distance an author from himself facilitated the exploration of alternative roles and identities Through close readings of the three texts the author examines various autobiographical strategies employed by the authors among which masking as other How the authorial self is re presented as an other stands out as the most significant The book links the authors obsession with masks both to an increasingly ambiguous sense of self identity experienced by many literati and to the larger issue of literati self representation Throughout the readings do not confine themselves to purely literary matters they also analyze the three works as a complex artifact typical of literati self culture and situate them in the larger intellectual history of the period
