

The background of the image shows a stack of old, leather-bound books. The top book has a dark, textured cover. Below it, the edges of several other books with lighter, worn covers are visible. In the foreground, a photograph of a landscape with a body of water and hills is placed on top of the books. The photograph has a white border. The overall lighting is soft and warm, suggesting an indoor setting with natural light.

FRANCE, 2018 *Crime and Its Victims* Daniel W. Van Ness, 1986-03-21 Daniel W Van Ness analyzes the problems that make our criminal justice system ineffective expensive and unjust And he offers a concrete proposal for reform to benefit both offenders and victims Foreword by Chuck Colson **Freeing the First Amendment** David S. Allen, Robert Jensen, 1995-11 In a society that prides itself on the most expansive legal guarantees of free speech in history why are so many individuals and groups frustrated by the American system of freedom of expression As the public sphere continues to be redefined by advances in technology and new debates about this technology crop up daily the time has come to move from reflexive discussions about the value of more speech to a detailed assessment of the real power and limits of speech Why this volume asks does the First Amendment the very document intended to ensure the freedom of U S citizens need to be freed And from what Long an icon in American law politics and journalism the First Amendment and the potential and real dilemmas with which it presents us have only recently begun to be scrutinized Challenging the idea that the only champions of free speech are traditional liberal theorists who oppose alternatives to the mainstream interpretation of the First Amendment the contributors to this volume among them such prominent thinkers as Frederick Schauer Owen Fiss and Cass Sunstein explore new and provocative ways to think

about freedom of expression By reformulating traditional liberal and libertarian approaches to the First Amendment this volume convincingly disputes the notion that those who question an unwavering reliance on free and open competition between individuals to produce free expression are necessarily enemies of free speech It argues instead that these alleged enemies can in fact be champions as well     **Esquire** ,1936     The New York Times Book Review ,1974-10     Fashions of the Hour ,1926     **The Literary Digest** ,1936-10     **Digest; Review of Reviews Incorporating Literary Digest** ,1937
