Complete Guide for Having Children with Perfect Teeth Frances B. Glenn Dds,Frances B. Glenn,William D. Glenn,2007 At a very special lecture some years ago the concept of thin places was introduced to me Thin poems describe people places or experiences where boundaries between the spirit world and the secular or material world are more transparent This transparency or thinness

enables a greater perception of spiritual matters an encounter with God a more spiritual approach to life Thin places is a term that was given to sacred space originally associated with Celtic Christians in the late Fifth Century This book is organized into two thematic areas Thin Places and Thin Experiences Thin places can be found through travel work neighborhoods nature and families Thin experiences can be found through health dreams memories spirituality and people The title of the book comes from a self label that evolved during a journey with cancer The Author identifies himself with being a gentle warrior one who strives for peace harmony and balance He hopes that readers will find these poems inspiring comforting and useful *Senior High School Library Catalog* ,1979 **The Elementary School Library Collection**
