Social Political Ideas Age Of Reactio:

Michael Oakeshott Selected Writings Collection Michael Oakeshott, 2014-08-26 A collection of 6 volumes of Oakeshott's work Notebooks 1922-86 Early Political Writings 1925-30 The Concept of a Philosophical Jurisprudence Vocabulary of a Modern European State Lectures in the History of Political Thought and What is History *The Early Essays* Talcott Parsons, 1991-08-07 The Heritage of Sociology In his superb introductory essay Camic situates Parson's early writings in their sociointellectual and biographical context Drawing upon extensive historical research he identifies three overlapping but relatively distinct thematic phases in the early development of Parson's ideas that on capitalist society and its origins that on the historical development of the theory of action and that on the foundations of analytical sociology Reproducing in full each of twenty-one selections this volume charts the changes and continuities in the early development of some of Parson's most fundamental ideas *Theory of State : Plato to Marx* N. D. Arora, 2022-01-22 Theory of State Theory of State is a study of the concept of state as viewed by various philosophers from Plato to Marx Indeed there is no dearth of literature on this subject by competent scholars This study only supplements the vast and voluminous body of writings but with a difference The usual tendency among the scholars has been to assess a political philosopher only from the present-day relevance Such an approach though important as it may be in its own right belies a proper and unbiased estimate of the philosopher The study aims to remove the pitfalls of a polemic account It purports to evaluate a philosopher in the objective conditions of his own times That is why the philosophers included in the study speak for themselves An attempt has thus been made to establish linkage in the thought process of the various philosophers so as to present a coherent account **The Concept of a Philosophical Jurisprudence** Michael Oakeshott, 2011-10-26 This volume brings together for the first time over a hundred of Oakeshott's essays and reviews written between 1926 and 1951 that until now have remained scattered through a variety of scholarly journals periodicals and newspapers A new editorial introduction explains how these pieces including the lengthy essay on the philosophical nature of jurisprudence that occupies an important position in Oakeshott's work illuminate his other published writings The collection throws new light on the context of his thought by placing him in dialogue with a number of other major figures in the humanities and social sciences during this period including Leo Strauss A N Whitehead Karl Mannheim Herbert Butterfield E H Carr Gilbert Ryle and R G Collingwood **History, Historians, and Conservatism in Britain and America** Reba Soffer, 2009 Reba Soffer examines the subjects motives and origins of conservative historians who were also successful public intellectuals Providing a comprehensive account of the content context and consequences of conservative ideas Soffer explains their dominance in Britain and marginalization in America until the Reagan ascendancy **Modern Political Ideologies** Andrew Vincent, 2023-12-15 MODERN POLITICAL IDEOLOGIES Modern Political Ideologies provides a broad overview of the origins development and core principles of the major political ideologies of the past two centuries With an accessible student-friendly format this bestselling textbook helps students understand the values

The Conservative Mind Russell Kirk, 1968

The Conservative Mind Russell Kirk, 2001-09-01 It is inconceivable even to imagine let alone hope for a dominant conservative movement in America without Kirk's labor

WILLIAM F BUCKLEY A profound critique of contemporary mass society and a vivid and poetic image not a program an image of how that society might better itself *The Conservative Mind* is in important respects the twentieth century's own version of the *Reflections on the Revolution in France* Kirk was an artist a visionary almost a prophet

DAVID FRUM author of *Dead Right* I have been one of your fans since the time many years ago when I read *The Conservative Mind*

RICHARD NIXON Dr Russell Kirk's impact on conservative thought and policy in America has been decisive It was his writings and in particular his seminal work *The Conservative Mind* that laid the foundation for many of the ideas that continue to shape public discourse and debate to this day

JOHN ENGLER former Governor of Michigan Kirk is assured a

place of prominence in the intellectual histories for helping to define the ethical basis of conservatism He has tried to pull conservatism away from the utilitarian premises of libertarianism toward which conservatism often veers toward a philosophy rooted in ethics and culture THE WALL STREET JOURNAL Russell Kirk s The Conservative Mind is one of the greatest contributions to twentieth century American conservatism Brilliant in every respect from its conception to its choice of significant figures representing the history of intellectual conservatism The Conservative Mind launched the modern American Conservative Movement when it was first published in 1953 and has become an enduring classic of political thought The seventh revised edition features the complete text and an introduction by publisher Henry Regnery A must read

Pamphlets in Philology and the Humanities ,1902 **The Socio-political Ideas of BR Ambedkar** Bidyut Chakrabarty,2018-10-03 Dr Bhimrao Ramji Ambedkar 1891 1956 popularly known as Babasaheb stands out for his relentless battle against caste discrimination He was a voice for the marginalized of India s demography that remained peripheral due to well entrenched socio economic and political prejudices This book is an analytical account of how Ambedkar s socio political ideas evolved as part of his wider politico ideological challenge against self motivated designs for exploitation of human beings by human beings The author contends that it was an ideological discourse that he built in a context when

dominant nationalist viewpoints seem to have hardly left space for any other discourse to grow The book argues that Ambedkar s socio political ideas were an outcome of his personal experiences of social atrocities which were justified as integral to the caste system The book comprises six substantial chapters which delve into the socio political ideas of BR Ambedkar concentrating on those sets of ideas through which he established his claim as an original thinker in opposition to the dominant nationalist discourse Unlike the most conventional studies of Ambedkar s thoughts and ideas the book provides a new methodological tool to decipher their conceptual roots It is therefore argued that Babasaheb s unique conceptualization of social justice was not just an outcome of his existential existence of being a Dalit but an offshoot of his own understanding of liberalism as a mode of emancipating human beings from shackles of authority power and domination Examining Ambedkar s ideas the book charts and examines the growth and consolidation of constitutional democracy in India since it was inaugurated with the acceptance of the 1950 Constitution It will be of interest to scholars in the fields of Indian political theory South Asian politics and history
