Social Casework A Problem Solving Process:

Social Casework Helen Harris Perlman, 1957-03-15 This is a basic book in social casework Its thesis is that among all the complexities within the subject matter and operations of casework there are certain constant elements forces and processes which give coherence and unity to its practice Mrs Perlman identifies and analyzes these constants and views them within the logical framework of problem solving In turn problem solving as a casework process is examined in its likeness to normal human problem solving efforts The result is an approach to learning and thinking about casework which is at once organized synthesized and imaginative The book s usefulness is enhanced by the author s lucid and pointed style *Social Casework*
