Social Marketing Perspectives And Viewpoints:

Social Marketing William Lazer, Eugene J. Kelley, 1973 Social Marketing William Lazer, Eugene J. Kelley, 1973

The SAGE Handbook of Social Marketing Gerard Hastings, Kathryn Angus, Carol Bryant, 2011-11-15 For the first time this benchmark handbook brings together a systematic framework and state of the art thinking to provide complete coverage of the social marketing discipline. It presents a major retrospective and prospective overview of social marketing helping to define and shape its current and future developments by examining the defining elements of social marketing: their intellectual origins, evolution, current status and direction of travel, discussing how these have been used in practice, emphasising emerging areas and recent innovations and setting the agenda for future research and development in the discipline. For academics, this book will fill the gap in comprehensive social marketing literature while being of interest to policymakers and post graduate marketing and health studies students alike as it explores the idea that tools used to market fast moving consumer goods and financial services can also be applied to pressing social problems. *Tourism and Social Marketing* C. Michael Hall, 2014-02-24 Social Marketing is the utilisation of marketing principles and methods to encourage individual and organisational behaviour change for the public good. Traditionally the domain of government, it is increasingly also utilised by non government and non profit organisations and other institutions of civil society as a non regulatory means to achieve policy and public good goals. At a time when concerns over tourism's contribution to undesirable environmental, economic and social change is greater than ever, social marketing strategies are important for encouraging more appropriate and desirable behaviours by tourists and the tourism industry. *Tourism and Social Marketing* is the first book to comprehensively detail the relevance of social marketing principles and practice to tourism destination management and marketing. By considering this relationship and application of social marketing approaches to key issues facing contemporary tourism development such as the environment, this book provides significant insights into how the behaviours of visitors and businesses may be changed so as to develop more sustainable forms of tourism and improve the quality of life of destination communities. It further provides a powerful impetus to the development of tourism related forms of sustainable consumption and the promotion of ethical tourism and marketing. This innovative book is comprehensive in scope by considering a variety of relevant fields relevant to tourism and social marketing practice including health, non profit organisations, governance, the politics of marketing and consumption, consumer advocacy and environmental and sustainable marketing. It integrates selected international case studies to help tourism students engage with the broader debates in social marketing, governance and the politics of behaviour change and shows the relationship of theory to practice. Written by a leading authority in the field, topical and integrative, this book will be valuable reading for students, scholars and researchers in tourism. **Social Marketing and Public Health** Jeff French, 2010 Social marketing uses established commercial marketing tools and principles to influence behaviour change and is increasingly becoming a major tool in health promotion.

This book will provide an international account of the theory and practice behind social marketing **Strategic Social Marketing** Jeff French, Ross Gordon, 2019-11-08 Adopting an international approach and offering a broader context this second edition of Strategic Social Marketing presents social marketing principles in a strategic critical and reflexive way illustrating the value of applying marketing to solve social problems including A brand new chapter on evaluation Updated advances in relevant research and theorizing New vignettes and short case studies to illustrate theories throughout the text The authors explore the reasons why marketing should be an integral component of all social programme design and delivery when looking to achieve social good while progressing on to the nature and application of social marketing rethinking traditional concepts such as value and exchange in the social context Their hands on features then let students lay out strategy plans frameworks and tactics to influence behaviours **The Handbook of Persuasion and Social Marketing**

Marketing Management in Africa George Tesar, Steven W. Anderson, Hassimi Traore, Jens Graff, 2018-04-27. This book focuses on strategies for developing consumer markets in Africa using concepts and techniques from marketing entrepreneurship and project management. The authors argue that entrepreneurial activity in Africa is rapid but limited and requires a structured approach to drive success. Beginning with an introductory chapter that frames the socio-economic and technological developments in Africa, readers are introduced to the conceptual model that provides this structured approach in four logical parts: The creative stage, Entrepreneurial and enterprise activities, Understanding consumer behavior and market segments, and A project management-based framework. This multidisciplinary approach is supplemented with many examples and cases from a variety of sectors including health care, wind and solar power, and mobile technology. Through these, readers are able to understand how the model is implemented in reality to drive innovative economic and social development. Marketing Management in Africa will prove a valuable companion to any student of marketing or entrepreneurship with a particular interest in Africa.
