Anne Crowther

Social Policy In Britain 1914 1939

Robert R. Redfield

Social Policy In Britain 1914 1939:

Social Policy in Britain, 1914-1939 Margaret Anne Crowther,1988-01-01 British Social Policy, 1914-1939 Bentley B. Gilbert,1970 **Social Welfare in Britain 1885-1985** Rex Pope,2003-10-03 This collection of documents follows the same format as Pope and Hoyle s British Economic Performance 1984 to provide a survey of the main developments in social welfare Students of economic and social history and of social policy and administration are being required to do more and more work with original documents and this collection is tailored to meet their needs The primary sources are presented in two sections covering the periods 1885 c 1940 and c 1940 to 1985 During the former ideas on and the scope of welfare provision broadened greatly There was a sense of progress Developments though were piecemeal There was no conception of a Welfare State The second period begins with the changes associated with the assumption that Britain was establishing a Welfare State But the hopes of 1940 have not been fulfilled and there has been growing speculation about the value of such an organisation of society The extracts reflect these changes They are grouped under the headings to facilitate reference Students at all levels especially A level first degree and professional training courses will find the book a valuable resource Materials included are drawn from minutes of evidence newspapers political party publications and professional bodies and groups **Social-Imperialism in Britain** Neil Redfern,2018-09-24 In Social Imperialism in Britain Neil Redfern examines the relationship between British labour and British capital in the two world wars of the twentieth century He argues that the Second World War the so called People s War no less than the First World War was an imperialist war He further argues that in both wars labour and capital entered into a social imperialist contract in which labour would be rewarded for its support for war with such social and political reforms as votes for women and a health service culminating in the welfare state constructed after the Second World War Concentrating on Lancashire he examines the complex interaction between military successes and reverses elite war aims labour unrest and popular demands for reform **A History of the Peoples of the British Isles** Thomas Heyck,2019-06-19 Volume III deals with the long twentieth century Its main themes are the contraction of British industrial power and the shift to a service based economy the decline of Victorianism and the rise of Modernism the climax of class society between the wars and the blurring of class lines after the 1960s the impact of two world wars the decline of British power and the empire the partition of Ireland the devolution of power to Wales and Scotland **Towns, Plans and Society in Modern Britain** Helen Meller,1997-08-07 In this concise survey Helen Meller aims to explore the interaction of the social and physical environment of cities All modern societies have experienced mass urbanisation and have been subject to the economic social and technological forces which have produced this urbanisation Yet all towns and cities are not the same The author points out that historical and cultural factors have played and are still playing an important part in shaping responses to these forces This becomes even more clearly evident when the urban environment becomes subject to planning Urban regeneration has facilitated not just an improvement in the physical

environment of cities but in their economic and social fortunes as well This study is an accessible analysis of the way in which social cultural and physical factors have created the quality of life in British cities over the past two centuries

Universities and Elites in Britain Since 1800 R. D. Anderson,1995-09-28 A clear and concise introduction to the history of British universities covering all parts of the British Isles **The Population History of Britain and Ireland**

1500-1750 R. A. Houston,1995-09-28 This concise volume for students reviews the literature on the population history of Britain and Ireland *Education and Economic Decline in Britain, 1870 to the 1990s* Michael Sanderson,1999-04-22 Since the 1870s the British economy has steadily declined from its position as the workshop of the world to that of a low ranking European power Michael Sanderson examines the question of how far defects in education and training have contributed to this economic decline By looking at issues such as literacy the quality of scientific and technical training the supposed anti industrial bias of public schools and the older universities the neglect of vocational and technical training and the neglect of the non academic teenager Michael Sanderson demonstrates that education was far from the sole cause of economic decline but that its deficiencies have certainly played a part This book offers an accessible and concise analysis of a topic of current importance interest and debate and will be of interest to students and teachers of the history of education and its impact on British economic development in the twentieth century **The Evolution of the British Welfare State** Derek

Fraser,1973-04-01 20th Century Britain Francesca Carneval,Julie-Marie Strange,2014-06-11 Written by leading international scholars Twentieth Century Britain investigates key moments themes and identities in the past century Engaging with cutting edge research and debate the essays in the volume combine discussion of the major issues currently preoccupying historians of the twentieth century with clear guidance on new directions in the theories and methodologies of modern British social cultural and economic history Divided into three the first section of the book addresses key concepts historians use to think about the century notably class gender and national identity Organised chronologically the book then explores topical thematic issues such as multicultural Britain religion and citizenship Representing changes in the field some chapters represent more recent fields of historical inquiry such as modernity and sexuality **Neville Chamberlain** Robert Self,2017-03-02 History has not looked kindly upon Neville Chamberlain Despite a long and distinguished political career his trip to Munich in 1938 and the appeasement of Hitler have forever overshadowed his many other achievements and blighted his reputation his name now synonymous with the futility of trying to reason with dictators and bullies Yet as this biography shows there is much more to this complex and intriguing character than is generally supposed and even the infamous events of 1938 are open to more charitable interpretations than is usually the case Appeasement brought the British government crucial time in which to rearm and in particular allowed the RAF to drastically increase the number of fighter aircraft it could muster for the Battle of Britain during the summer of 1940 Based on the study of over 150 collections of private papers on both sides of the Atlantic as well as exhaustive exploration of British government records held in the National Archives it is

no exaggeration to say that the author has surveyed virtually all the existing archival material written by or to Chamberlain as well as a high proportion of that referring to him. As such this volume will no doubt establish itself as the definitive account of Chamberlain's life and career and provide a much fuller and fairer picture of his actions than has hitherto been the case.

Reader's Guide to British History David Loades, 2020-12-17 The Reader's Guide to British History is the essential source to secondary material on British history. This resource contains over 1 000 A-Z entries on the history of Britain from ancient and Roman Britain to the present day. Each entry lists 6-12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field. The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication.

British Economic Performance 1945-1975 B. W. E. Alford, 1995-09-14 The debate over Britain in Decline is one that still rages in the academic, political and public spheres. In this concise study B W E Alford takes issue with those economists who have a mechanistic approach to the subject. Instead he examines Britain's economic development since the Second World War within a wider framework of political, social and cultural factors. He discusses topics such as post war reconstruction, the theory of too few producers, the alleged process of de-industrialisation, the role of sterling, business organisation and management, labour relations and the impact of government policy on Britain's economic development. Professor Alford provides a clear introduction to the subject along with a survey of recent literature yet shows how complex and deep rooted are the causes of the British Disease.

The Care of Older People Mayumi Hayashi, 2015-10-06 Across the globe populations are getting older. Hayashi surveys the development of residential care in Britain and Japan from the 1920s onwards using regional case studies and taking into account the influence of traditions and cultural norms.

War and British Society 1688-1815 H. V. Bowen, 1998-03-28 Drawing on a large volume of research this 1998 book considers sustained warfare as a powerful agent of change which transformed a wide range of institutions, structures and processes in Britain between 1688 and 1815, a period when Britain was at war for much of the time. Stressing the positive as well as the negative and the long term as well as the short term the effects of war are brought to bear upon questions of central importance in the study of eighteenth century British history. How effectively did the emerging state cope with the financial and logistical demands of war? How severe were the economic and social strains imposed upon the population at large and how did they respond to the call to arms? What effect did war have upon the industrialising economy? A balanced overview is presented of Britain as a nation at war during an important phase of her development as an imperial, industrial and military power.

The Rise and Fall of the British Welfare State Pat Thane, 2024-09-19 For the past decade at least 25% of the UK population and 30% of children have been in poverty by internationally accepted measures and the numbers keep rising. In *The Rise and Fall of the British Welfare State* Pat Thane analyses the history of state welfare in Britain from 1900 and sheds light on its aims, achievements and failings. Beginning with the poverty surveys of Booth and Rowntree and the implementation of early welfare measures such as free school meals

Thane offers a vivid snapshot of social welfare in Britain c1900 and the growing demands for improved welfare provisions. Taking readers through the significant social reforms of the First and Second World Wars, the making of the modern welfare state 1945-51 and its subsequent shifts due to rapidly evolving social policies, Thane ends with austerity and the COVID 19 pandemic, bringing the scholarship up to the present day and drawing striking parallels with Britain c1900. By placing a major current issue within its historical context, Thane explores the shifting administration of the welfare state and adjusts misconceptions about the implementation of social policy, particularly during the 1970s and 1980s. Thane offers readers a comprehensive study of British social measures during the 20th and 21st centuries, highlighting how and why poverty rates are rising once more and examining how the future of social policy could enact greater change.

Unemployment in Britain Between the Wars Stephen Constantine, 2014-07-30 Drawing on a range of contemporary evidence, Stephen Constantine studies the nature and causes of unemployment in Britain during the 1920s and 1930s and analyzes the failure of successive inter-war governments to make a constructive response.

Slavery, Atlantic Trade and the British Economy, 1660-1800 Kenneth Morgan, 2001-01-04 This book considers the impact of slavery and Atlantic trade on British economic development in the generations between the restoration of the Stuart monarchy and the era of the Younger Pitt. During this period, Britain's trade became Americanised and industrialisation began to occur in the domestic economy. The slave trade and the broader patterns of Atlantic commerce contributed important dimensions of British economic growth, although they were more significant for their indirect qualitative contribution than for direct quantitative gains. Kenneth Morgan investigates five key areas within the topic that have been subject to historical debate: the profits of the slave trade, slavery, capital accumulation and British economic development, exports and transatlantic markets, the role of business institutions and the contribution of Atlantic trade to the growth of British ports. This stimulating and accessible book provides essential reading for students of slavery and the slave trade and British economic history.

The Rise and Decline of the British Motor Industry Roy A. Church, 1995-09-14 A concise 1995 review of the strengths and weaknesses of the British motor industry during the one hundred years since its foundation.

The Top Books of the Year Social Policy In Britain 1914 1939 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have captivated audiences this year. Social Policy In Britain 1914 1939 : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Social Policy In Britain 1914 1939 : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Pappen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
