Wheels in the Head Joel Spring, 2012-08-21 In this popular text Joel Spring provocatively analyzes the ideas of traditional and non traditional philosophies from Confucianism to human rights regarding the contribution of education to the creation of a democratic society The goal is to explore how governments use education to control and manage their populations and to examine forms of education that claim to free people from authoritarian control A critically original work it is widely used as a text for courses on philosophical social political and historical foundations of education and critical issues in education Reflecting its global relevance a Chinese translation was published by the University of Peking Press in 2005 New in the third edition Expanded analysis of the use of education by authoritarian states Revisions to more clearly relate educational ideas to the theme of wheels in the head a phrase coined by philosopher Max Stirner to describe the use of schools by modern governments to control their citizens New sections on liberation education and on human rights education

Knowledge & Power in the Global Economy David Gabbard, 2017-07-05 Advancing a three fold political agenda this volume illuminates how the meanings assigned to a whole vocabulary of words and phrases frequently used to discuss the role and reform of U S public schools reflect an essentially economic view of the world contends that education or educational reform conducted under an economized worldview will only intensify the effects of the colonial relations of political and economic domination that it breeds at home and abroad and offers a set of alternative concepts and meanings for reformulating the role of U S public schools and for considering the implications of such a reformulation more generally for the underlying premises of all human relationships and activities Toward these ends the authors in Part I critically examine many of the most commonly used terms within the rhetoric of educational reform since the early 1980s and before Part II links today s economized worldview to curricular and instructional issues These essays are especially important for comprehending how the organization of school curriculum privileges those disciplines deemed most central to market expansion math and science and how the political centrality of the economic sphere influences the nature of the knowledge presented in specific content areas Given that language constrains as well as advances human thought the twin tasks of de economizing education and decolonizing society will require a vocabulary that transcends the familiar terminologies addressed in Parts I and II The entries in Part III cultivate the beginnings of such a vocabulary as the authors elucidate innovative concepts which they view as central to the creation of truly alternative educational visions and practices

Teaching for EcoJustice Rebecca A. Martusewicz, Jeff Edmundson, John Lupinacci, 2011-05-20 This text offers a powerful model for cultural ecological analysis and pedagogy of responsibility providing educators with information and classroom

practices they need to educate future citizens for diverse democratic and sustainable communities

Political Agendas for Education Joel Spring, 2014-03-26 The Fifth Edition of Joel Spring's ongoing documentation and analysis of political agendas for education reflects the major political issues in education since 2008. This edition focuses on the education sections of the 2012 Republican, Democratic, Green, and Libertarian Party platforms. Taking a fresh look at the social and political forces, educational research, and ideologies shaping the educational agendas of these political parties and a comparative approach, the book stimulates reflection and discussion. New coverage in the Fifth Edition includes: The political coup called Race to the Top; Common Core State Standards and national testing based on the Standards; Explosion of online instruction; Debates about teacher evaluations and merit pay; Growing for-profit education industry; New agenda for American Education; Constitutional amendment; long life and happiness; environmental education. *Political Agendas for Education* is essential reading for courses dealing with the politics of education, foundations of education, educational leadership, and curriculum studies, and for educational scholars, professionals, policymakers, and all those concerned with the politics of education in the U.S. and its consequences for schools and society.

Early Childhood Education, 4th Edition Tina Bruce, 2012-03-16 Tina Bruce is one of the foremost figures thinking and writing about Early Years education at the moment. I present *Early Childhood Education* to my students as a modern classic. Fran Paffard, University of Cumbria. *Early Childhood Education* 4th edition is the new edition of the classic early years textbook by Tina Bruce. The book draws on the history of Early Years, pioneering educators, and classic educational theories and places them in the context of modern developments in psychology and sociology to set out a practical and readable text packed with new and specially commissioned photographs that provides a framework for Early Years education. This new edition has been fully revised with new photography and updated to include the latest developments in thinking and practice. The book, as always, retains Tina Bruce's characteristic accessible and thoughtful writing style. This will be an invaluable text for you if you are studying Early Years education as part of an Early Childhood Studies degree, an Early Years Foundation Degree, you are working towards Early Years Professional Status, or are a manager or Headteacher within the Early Years sector.
