Getting off the Fence Post William P. Nelson, 2022-04-27 God has acted and Jesus has acted but what are we doing Jesus wants us to act That is one of the insights in this book of devotions that William P Buddy Nelson wrote during the COVID 19 pandemic as a

way to stay in touch with his faith and to reimagine the future of the church While writing he discovered that when living through a pandemic or a crisis of any kind God is there to provide a refreshed understanding of His revelation In fact God s message is exactly what we all need to hear in times of personal or professional crisis While these devotions highlight numerous topics and challenges the overarching theme focuses on how everyday events can help us understand God s Word In doing so we can learn how to face and overcome challenges with faith rather than fear Remember when the world is at its darkest place God challenges his children to shine the brightest

Fiddling Is My Joy Jacqueline Cogdell DjeDje,2025-06-18 In Fiddling Is My Joy Jacqueline Cogdell DjeDje examines the history of fiddling among African Americans from the seventeenth to the mid twentieth century Although music historians acknowledge a prominent African American fiddle tradition during the era of slavery only recently have researchers begun to closely examine the history and social implications of these musical practices Research on African music reveals a highly developed tradition in West Africa which dates to the eleventh or twelfth century and continues today From these West African roots fiddling was prominent in many African American communities between the seventeenth and nineteenth centuries and the fiddle became an important instrument in early twentieth century blues jazz and jug bands

While less common in late twentieth century African American jazz and popular music groups the fiddle remained integral to the musicking of some Black musicians in the rural South Featured in *Fiddling Is My Joy* is access to a comprehensive online eScholarship Companion that contains maps photographs audiovisual examples and other materials to expand the work of this enlightening and significant study To understand the immense history of fiddling DjeDje uses geography to weave together a common thread by profiling the lives and contributions of Black fiddlers in various parts of the rural South and Midwest including the mountains and along the Atlantic and Gulf coasts In addition to exploring the extent that musical characteristics and aesthetics identified with African and European cultures were maintained or reinterpreted in Black fiddling she also investigates how the sharing of musical ideas between Black and white fiddlers affected the development of both traditions Most importantly she considers the contradiction in representation Historical evidence suggests that the fiddle may be one of the oldest uninterrupted instrumental traditions in African American culture yet most people in the United States including African Americans do not identify it with Black music

Cries of Joy, Songs of Sorrow Marc L. Moskowitz, 2009-11-24 Since the mid 1990s Taiwan's unique brand of Mandopop Mandarin Chinese language pop music has dictated the musical tastes of the mainland and the rest of Chinese speaking Asia *Cries of Joy Songs of Sorrow* explores Mandopop's surprisingly complex cultural implications in Taiwan and the PRC where it has established new gender roles created a vocabulary to express individualism and introduced transnational culture to a country that had closed its doors to the world for twenty years In his early chapters Marc L Moskowitz provides the historical background necessary to understand the contemporary Mandopop scene beginning with the birth of Chinese popular music in the East Asian jazz Mecca of 1920s Shanghai A brief overview of alternative musical genres in the PRC such as Beijing rock and revolutionary opera is included The section concludes with a look at the manner in which Taiwan's musical ethos has influenced the mainland's music industry and how Mandopop has brought Western music and cultural values to the PRC This leads to a discussion of Taiwan pop's exceptional hybridity beginning with foreign influences during the colonial period under the Dutch and Japanese and continuing with the country's political cultural and economic alliance with the U S Moskowitz addresses the resulting wealth of transnational musical influences from the rest of East Asia and the U S and Taiwan pop's appeal to audiences in both the PRC and Taiwan In doing so he explores how Mandopop's songs of sorrow with their ubiquitous themes of loneliness and isolation engage a range of emotional expression that resonates strongly in the PRC Later chapters examine the construction of male and female identities in Mandopop and look at the widespread condemnation of the genre by critics Drawing on analyses and data from earlier chapters including interviews with dozens of performers song writers and lay people in Taipei and Shanghai Moskowitz attempts to answer the question Why if the music is as bad as some assert is it so central to the lives of the largest population in the world To answer he highlights Mandopop's important contribution as a poetic lament that simultaneously embraces and protests modern life *Cries of Joy Songs of*
