General Staff,1921      **The Slovak Question** Michael R. Cude,2022-06-07 The so called Slovak question asked what place Slovaks held or should have held in the former state of Czechoslovakia Formed in 1918 at the end of World War I from the remains of the Hungarian Empire and reformed after ceasing to exist during World War II the country would eventually split into the Czech Republic and Slovakia after the Velvet Divorce in 1993 In the meantime the minority Slovaks often clashed with the majority Czechs over their role in the nation The Slovak Question examines this debate from a transatlantic perspective Explored through the relationship between Slovaks Americans of Slovak heritage and United States and Czechoslovakian policymakers it shows how Slovak national activism in America helped the Slovaks establish a sense of independent identity and national political assertion after World War I It also shows how Slovak American leaders influenced US policy by conceptualizing the United States and Slovakia as natural allies due to their connections through immigration This process played a critical role in undermining attempts to establish a united Czechoslovakian identity and instead caused a divide between the two groups which was exploited by Nazi Germany and then by other actors during the Cold War and proved ultimately to be insurmountable      **SOS (an Advanced Line-orientated Text Editor) User's Guide** University of Illinois at Urbana-Champaign. Beck,1997-06-01 In her portrayal of the life of Sister Catherine Donnelly founder of the Sisters of Service author Jeanne Beck has succeeded in weaving a tapestry rich in texture broad in scope and deeply revealing of the character of a memorable Canadian woman Brian F Hogan C S B When teacher Catherine Donnelly first arrived in Western Canada from Ontario in 1918 she discovered two things first the need for a Catholic presence in the rural public schools of the west and second her own calling to be a religious Catherine saw that the west was growing rapidly and that there was a lack of religious guidance for the people of the region particularly the immigrants coming from other countries She looked to existing Catholic orders as a means of reaching these people but found that none of the orders were willing to accept Catherine s radical ideas such as her refusal to wear the traditional nun s habit and her strong belief in the individuality of members of orders Catherine founded the Sisters of Service in 1922 and through this new order was able to make an impact on the lives of townspeople and students in prairie schools of the west In this biography Jeanne Beck reconstructs the extraordinary life of Sister Catherine Donnelly The

well researched account is at once informative and inspiring a fitting tribute to the woman who believed the spiritual life and the intellectual life have the same root deep in the unity of the intelligence Bilingual Today, United Tomorrow Matthew Hayday,2005-12-20 Forty years after the creation of the Royal Commission on Bilingualism and Biculturalism Bilingual Today United Tomorrow examines the responses of Canada s federal and provincial governments to the Commission s recommendations on education In contrast to the many critics of official bilingualism Matthew Hayday argues that the educational programs funded by the government s Official Languages in Education Program launched in 1970 had a significant impact on how Canadians view their national identity encouraging increasing acceptance of official bilingualism and linguistic duality **How to Form Your Own California Corporation** Anthony Mancuso,2017-02-27 The ultimate do it yourself guide contains all the step by step instructions and forms readers need to form their own corporation in California and save thousands of dollars in lawyer fees Lots of advice and information on corporate law including tax information and rules on offering and selling stock Includes all the forms you need to incorporate and bylaws for your new corporation

**Guide to Reliable Internet Services and Applications** Charles R. Kalmanek,Sudip Misra,Yang (Richard) Yang,2010-06-09 An oft repeated adage among telecommunication providers goes There are ve things that matter reliability reliability reliability time to market and cost If you can t do all ve at least do the rst three Yet designing and operating reliable networks and services is a Herculean task Building truly reliable components is unacceptably expensive forcing us to c struct reliable systems out of unreliable components The resulting systems are inherently complex consisting of many different kinds of components running a variety of different protocols that interact in subtle ways Inter networkssuch as the Internet span multiple regions of administrative control from campus and cor rate networks to Internet Service Providers making good end to end performance a shared responsibility borne by sometimes uncooperative parties Moreover these networks consist not only of routers but also lower layer devices such as optical switches and higher layer components such as rewalls and proxies And these components are highly con gurable leaving ample room for operator error and buggy software As if that were not dif cult enough end users understandably care about the performance of their higher level applications which has a complicated relationship with the behavior of the underlying network Despite these challenges researchers and practitioners alike have made trem dous strides in improving the reliability of modern networks and services
