Commander Buster Crabb a British naval frogman disappeared whilst undertaking an underwater spying mission involving the Soviet cruiser Ordzhonikidze in 1956 Just over a year after he disappeared a body washed up headless and handless near Portsmouth The establishment took charge of the body and at an inquest declared it to be Crabb However vital evidence was omitted and key witnesses not called It s now known that it was not Crabb who was buried in Portsmouth The problem for the establishment was that Crabb worked for the then head of the Royal Navy Lord Mountbatten At the time US government security agencies had alleged that Mountbatten was doing unofficial business with the Soviet Union This UK officials believed was a valid reason for Crabb s story to be held secret until 2056 an unprecedented 100 years The FBI and CIA state that it is in the interests of US National Security not to make available any documentation or information and applications to the KGB by the authors remain unanswered However for thirty years Admiral Gennadiy Zakharov trained Spetsnaz troops in Naval sabotage and states that Crabb was in the Eastern Bloc at that time Sir Percy Siltote former head of MI5 also states that the department had a file that proved Crabb was in the Soviet Union The story also involves the British ruling class and Royalty It is a tale of illegal activities art and currency smuggling Nazi looted gold and treasure homosexual blackmail threats and mysterious deaths The authors and witnesses have been subjected to

religious law and traditional law The book also tackles important issues such as formal law versus informal law using law to legitimize power and clashing values within a single legal system Examples from fieldwork experiences and historical events offer readers a chance to see how a method has been applied or a concept developed as well as how law and culture are intertwined in the real world **My Dear BB ...** Bernard Berenson, 2015-01-01 In 1925 the 22 year old Kenneth Clark 1903 1983 and the legendary art critic and historian Bernard Berenson 1865 1959 met in Italy From that moment they began a correspondence that lasted until Berenson's death at age 94 This book makes available for the first time the complete correspondence between two of the most influential figures in the 20th century art world and gives a new and unique insight into their lives and motivations The letters are arranged into ten chronological sections each accompanied by biographical details and providing the context for the events and personalities referred to They were both talented letter writers informative spontaneous humorous gossipy and in their frequent letters they exchanged news and views about art and politics friends and family life collectors connoisseurship discoveries books read and written and travel Berenson advised Clark on his blossoming career warning against the museum and commercial art worlds while encouraging his promise as a writer and interpreter of the arts Above all these letters trace the development of a deep and intimate friendship **Haig's Intelligence** Jim Beach, 2013-10-24 Haig's Intelligence confronts a perennial question about the British on the Western Front why did they think they were winning **"Marketing Art in the British Isles, 1700 to the Present"** Charlotte Gould, 2017-07-05 A cultural history of the first truly modern art market Marketing Art in the British Isles 1700 to the Present furthers the burgeoning exploration of Britain's struggle to carve a niche for itself on the international art scene Bringing together scholars from the UK US Europe and Asia this collection sheds new light on such crucial notions as the internationalization of the art market the emergence of an increasingly complex exhibition culture issues of national rivalry and emulation artists individual and collective strategies for their own promotion and survival the persistent anti commercialism of an elite group of art lovers and critics and accusations of philistinism levelled at the middle classes as well as an unquestionable native British genius at reconciling jarring discourses Essays explore the unresolved tension between artistic aspirations and commercial interest a tension that has come to shape Britain's national artistic tradition from the perspectives of artists dealers and super collectors and the upwardly mobile middle classes whose consumerism gave rise to the British art market as it is known today Specific case studies include Whistler Roger Fry Damien Hirst and Charles Saatchi essays consider art markets from London and Manchester to Paris and Flanders **The Contemporary Art Gallery** David Carrier, Darren Jones, 2016-09-23 Everyone who looks at contemporary art is familiar with galleries But visual features of these mysterious temples tend to be taken for granted The basic purpose of this book is to enliven the reader's latent knowledge of galleries including architectural motifs the intended impression that is conveyed to the visitor and human interactions within them The contemporary art world system includes artists studios art galleries homes of collectors and

public art museums To comprehend art one needs to understand these settings and how it travels through them The contemporary art gallery is a store where luxury goods are sold What distinguishes it from stores selling other luxuries upscale clothing jewelry and posh cars is the nature of the merchandise While much has been written about the art this book uncovers the secretive culture of the galleries themselves The gallery is the public site where art is first seen anyone can come and look for free This store a commercial site is where aesthetic judgments are made Art s value is determined in this marketplace by the consensus formed by public opinion professional reviewers and sales The gallery then is the nexus of the enigmatic billion dollar art world and it is that space that is dissected here The first chapter briefly describes the beginnings of the present contemporary art gallery The second presents the experience of gallery going presenting summary accounts of visits to some contemporary galleries The third expands and extends that analysis with detailed close up descriptions and comparative evaluations of many diverse contemporary galleries in order to identify the challenges provided by these marvelous places Then the fourth chapter indicates why in the near future due to the proliferation of myriad art fairs and online platforms extant today such galleries might disappear altogether *The Faustian Bargain* Jonathan

Petropoulos,2000-03-30 Nazi art looting has been the subject of enormous international attention in recent years and the topic of two history bestsellers Hector Feliciano s *The Lost Museum* and Lynn Nicholas s *The Rape of Europa* But such books leave us wondering What made thoughtful educated artistic men and women decide to put their talents in the service of a brutal and inhuman regime This question is the starting point for *The Faustian Bargain* Jonathan Petropoulos s study of the key figures in the art world of Nazi Germany Petropoulos follows the careers of these prominent individuals who like Faust that German archetype chose to pursue artistic ends through collaboration with diabolical forces Readers meet Ernst Buchner the distinguished museum director and expert on Old Master paintings who repatriated the Van Eyck brother s Ghent altarpiece to Germany and Karl Haberstock an art dealer who filled German museums with works bought virtually at gunpoint from Jewish collectors Robert Scholz the leading art critic in the Third Reich became an officer in the chief art looting unit in France and Kajetan Muhlmann a leading art historian was probably the single most prolific art plunderer in the war and arguably in history Finally there is Arno Breker a gifted artist who exchanged his modernist style for monumental realism and became Hitler s favorite sculptor If it is striking that these educated men became part of the Nazi machine it is more remarkable that most of them rehabilitated their careers and lived comfortably after the war Petropoulos has discovered a network of these rehabilitated experts that flourished in the postwar period and he argues that this is a key to the tens of thousands of looted artworks that are still missing today Based on previously unreleased information and recently declassified documents *The Faustian Bargain* is a gripping read about the art world during this period and a fascinating examination of the intense relationship between culture and politics in the Third Reich **The Duchess Of**
