Thames Torso Murders Of Victorian London

Jan Bondeson

Thames Torso Murders Of Victorian London:

The Thames Torso Murders M. J. Trow, 2011-12-01 The author of *Jack the Ripper Quest* for a Killer examines a different series of grisly unsolved murders in Victorian era London Dismembered corpses are discovered scattered along the banks of the river Thames a calculating clinical multiple murderer is on the loose and the London police have no inkling of the killer's identity and more than a century later they still don't In this M J Trow's latest reinvestigation of a bizarre and brutal serial killing he delves deep into the appalling facts of the case into the futile police investigations and into the dark history of late Victorian London The incredible criminal career of the Thames torso murderer has gripped readers and historians ever since he committed his crimes in the 1870s and 1880s The case poses as many questions as the even more notorious killings of Jack the Ripper How over a period of fifteen years did the Thames murderer get away with a succession of monstrous and sensational misdeeds And what sort of perverted character was he why did he take such risks why did he kill again and again

The Thames Torso Murders of Victorian London R. Michael Gordon, 2015-10-03 The Thames Torso Murders have been overshadowed by Jack the Ripper and his crimes but were just as brutal and gruesome They began in 1887 in London's East End just north of the Thames River in Rainham England The killer took one victim that year another in 1888 and two more in 1889 He resumed his crimes in 1902 taking his last victim south of the Thames and leaving her body in a pile of dismembered parts as he had done with most of his other victims This work delves deep into the case of the Thames Torso Murders It begins with a look at London in the late 1800s a time of great confusion and tremendous population increase and the killer's path to London which seems to include a murder in Paris in 1886 The book then examines in great detail each murder and the investigation that may have been hindered by the search for Jack the Ripper It also raises the idea that Jack the Ripper and the Torso Murderer may have been the same man Severin Klosowski better known as George Chapman the Borough Poisoner It ends with an examination of Serial Killers the Ripper Torso and Borough Poisoner murder cases the search for clues to the serial killer responsible for the five Thames Torso murders and Wolff Levisohn a dark horse who seems to have known much about all three sets of murders testified at Chapman's murder trial and then faded away as Chapman was sent to the gallows

Jack and the Thames Torso Murders Drew Gray, Andrew Wise, 2019-06-15 Using contemporary sources and modern profiling techniques the authors flag up a hitherto little known suspect as London's most infamous mass murderer

Cutting Point: Solving the Jack the Ripper and the Thames Torso Murders Christer Holmgren, 2021-02 In Victorian London long before the term serial killer was coined two series of murders played out that have captured the imagination of the whole world The Jack the Ripper murders and the Thames Torso murders so similar to each other took place during the same period in London and have never been solved In this book journalist and researcher Christer Holmgren explains why the murders were never cleared up and names the East End carman Charles Lechmere as the culprit behind both series of murders He was a man who claimed he found Jack the Ripper's first victim but avoided to

give his true name to the police In the 2014 TV documentary *The Missing Evidence* Jack the Ripper the case for Charles Lechmere as the Ripper was outlined In it a prominent barrister stated that the case would have been good enough to take to court This makes Lechmere stand out amongst the many suspects named over the years his is a case where it can be practically demonstrated how he is linked to the murders More recent research suggests that Charles Lechmere also needs to be held responsible for the Thames Torso murder series spanning the years 1873-1889 Guided by the help of experts Holmgren links the cases together establishes the underlying inspiration behind them and beckons the originator of the murders out into the light a century after his death

Rivals of the Ripper Jan Bondeson, 2016-02-04 When discussing unsolved murders of women in late Victorian London most people think of the depredations of Jack the Ripper the Whitechapel Murderer But he was just one of a string of phantom murderers whose unsolved slayings outraged late Victorian Britain The mysterious Great Coram Street Burton Crescent and Euston Square murders were talked about with bated breath and the northern part of Bloomsbury got the unflattering nickname of the murder neighbourhood thanks to its profusion of unsolved mysteries Marvel at the convoluted Kingswood Mystery littered with fake names and mistaken identities be puzzled by the blackmail and secret marriage in the Cannon Street Murder and shudder at the vicious yet silent killing in St Giles that took place in a crowded house in the dead of night *Rivals of the Ripper* is the first to resurrect these unsolved Victorian murder mysteries and to highlight the ghoulish handiwork of the *Rivals of the Ripper* the spectral killers of gas lit London

The Angel of the Crows Katherine Addison, 2020-06-23 Katherine Addison author of *The Goblin Emperor* returns with *The Angel of the Crows* a fantasy novel of alternate 1880s London where killers stalk the night and the ultimate power is naming This is not the story you think it is These are not the characters you think they are This is not the book you are expecting In an alternate 1880s London angels inhabit every public building and vampires and werewolves walk the streets with human beings in a well regulated truce A fantastic utopia except for a few things Angels can Fall and that Fall is like a nuclear bomb in both the physical and metaphysical worlds And human beings remain human with all their kindness and greed and passions and murderous intent Jack the Ripper stalks the streets of this London too But this London has an Angel The Angel of the Crows At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied

In Darkest London Jamieson Ridenhour, 2013 During the 19th century London was a complex vibrant and multi faceted city the first true metropolis As such it contained within it a widely disparate array of worlds and cultures Representations of London in literature varied just as widely In the late 1830s London began appearing as a site of literary terror and by the end of the century a large proportion of the important Victorian Gothic revival novels were set in the city *The Strange Case of Dr Jekyll and Mr Hyde* *The Picture of Dorian Gray* *The Three Impostors* *The Beetle* *Dracula* and many others *In Darkest London* is a full length study of the Victorian Urban Gothic a pervasive mode that appears not only in straightforward novels of terror like those mentioned above but also in the works of mainstream authors such as Charles

Dickens and in the journalism and travel literature of the time In this volume author Jamieson Ridenhour looks beyond broad considerations of the Gothic as a historical mode to explore the development of London and the concurrent rise of the Urban Gothic He also considers very specific aspects of London's representation in these works and draws upon recent and then contemporary theories close readings of relevant texts and cartography to support and expand these ideas This book examines the work of both canonical and non canonical authors including Dickens Bram Stoker Robert Louis Stevenson G W M Reynolds Richard Marsh Arthur Machen Marie Belloc Lowndes and Oscar Wilde Placing the conventions of the Gothic form in their proper historical context In *Darkest London* will appeal to scholars and students interested in an in depth survey of the Urban Gothic *Crime News in Modern Britain* Judith Rowbotham, Kim Stevenson, Samantha Pegg, 2013-10-16 Drawing together examples from broadsheet and tabloid newspapers this account of English crime reportage takes readers from the late eighteenth century to the present day In the post Leveson world it is a timely and engaging contextualisation of the history of printed crime news and investigative journalism **Thames** Peter Ackroyd, 2009-11-03 In this perfect companion to *London The Biography* Peter Ackroyd once again delves into the hidden byways of history describing the river's endless allure in a journey overflowing with characters incidents and wry observations *Thames The Biography* meanders gloriously rather like the river itself In short lively chapters Ackroyd writes about connections between the Thames and such historical figures as Julius Caesar and Henry VIII and offers memorable portraits of the ordinary men and women who depend upon the river for their livelihoods The Thames as a source of artistic inspiration comes brilliantly to life as Ackroyd invokes Chaucer Shakespeare Turner Shelley and other writers poets and painters who have been enchanted by its many moods and colors **Victorian Crime, Madness and Sensation** Andrew Maunder, 2017-03-02 Beginning with Victoria's enthronement and an exploration of sensationalist accounts of attacks on the Queen and ending with the notorious case of a fin de siècle killer *Victorian Crime Madness and Sensation* throws new light on nineteenth century attitudes toward crime and deviance The essays which draw on both canonical and liminal texts examine the Victorian fascination with criminal psychology and pathology engaging with real life cases alongside fictional accounts by writers as diverse as Ainsworth Stevenson and Stoker Among the topics are shifting definitions of criminality and the ways in which discourses surrounding crime changed during the nineteenth century the literal and social criminalization of particular sex acts and the gendering of degeneration and insanity As fascinated as they were with criminality the Victorians were equally concerned with solving crime and this collection also focuses on the forces of law enforcement and nineteenth century attempts to read the criminal body as revealed in Victorian crime fiction and reportage Contributors engage with the detective figure and his growing professionalization while examining the role of science and technology both at home and in the Empire in solving cases

Getting the books **Thames Torso Murders Of Victorian London** now is not type of challenging means. You could not without help going in imitation of books deposit or library or borrowing from your contacts to entry them. This is an very easy means to specifically acquire guide by on-line.
