That Good Land:

The Gift of Good Land Wendell Berry, 2018-09-05 The essays in *The Gift of Good Land* are as true today as when they were first published in 1981 the problems addressed here are still true and the solutions no nearer to hand The insistent theme of this book is the interdependence the wholeness the oneness of people land weather animals and family To touch one is to tamper with them all We live in one functioning organism whose separate parts are artificially isolated by our culture Here Berry develops the compelling argument that the gift of good land has strings attached We have it only on loan and only for as long as we practice good stewardship

The Good Land John Eckhardt, 2019-11-05 God's country isn't found on a map It's found in His presence From Best Selling Author John Eckhardt When God delivered the people of Israel He brought them into a good land flowing with milk and honey The good land is a picture of kingdom living As the people of God we enter the good land through Jesus Christ and possess it by faith The good land is a place of blessing redemption and restoration It is a land of goodness abundance prosperity excellence refreshing beauty nourishment blessing satisfaction plenty and glory In it we inherit and enjoy the promises of God The good land is God's country The good land is the kingdom Using biblical and prophetic teaching this book will give you a revelation of the peace joy and righteousness you can dwell in when you understand that you dwell in the good land God promised the land to Abraham and his seed and now through Christ everyone can dwell in the land God has given the land where all of the promises of God are yes and amen 2 Cor 1:20 The good land is God's country The good land is the kingdom Get the revelation of what it means to dwell in the land God has ordained for your life and endless peace joy goodness refreshing and satisfaction will be yours for the rest of your days

Unto a Good Land David Edwin Harrell, Edwin S. Gaustad, John B. Boles, Sally Foreman Griffith, 2005-08-25 Introducing a New U.S. History Text That Takes Religion Seriously *Unto a Good Land* offers a distinctive narrative history of the American people from the first contacts between Europeans and North America's native inhabitants through the creation of a modern nation to the 2004 presidential election Written by a team of highly regarded historians this textbook shows how grasping the uniqueness of the American experiment depends on understanding not only social cultural political and economic factors but also the role that religion has played in shaping U.S. history While most United States history textbooks in recent decades have expanded their coverage of social and cultural history they still tend to shortchange the role of religious ideas practices and movements in the American past *Unto a Good Land* restores the balance by giving religion its appropriate place in the story This readable and teachable text also features a full complement of maps historical illustrations and In Their Own Words sidebars with excerpts from primary source documents
