Thats My Bellybutton:

That's My Bellybutton Neil Aronson, 2006 Visit the author's website at www.thatsmybellybutton.com That's My Belly Button is a book of memoirs that finds its voice in both serious and humorous anecdotes, conversations, case histories, personal views, serendipitous events, and caricatures of patients treated in the office and hospital over a period of 35 years. The book creates a unique view of childhood and pediatrics as seen by the pediatrician from the inside out. **Chronic Conditions** Karen Engle, 2023-04-15 Imagine a house whose wiring is spliced and patchy with knob and tube coiled like a serpent ready to strike and spark at any moment. Even if you have a fire trap behind your walls, the lights will turn on. In her memoir of a life lived in physical pain, Karen Engle asks whether and how language can capture what it's like to be in a body that appears to work from the outside when its internal systems operate through an ad hoc assemblage of garbled messaging, reroutings, and shaky foundations. A series of narrative reflections capture the myriad ways in which the chronic conditions its suffering subject. Contrary to claims that pain obliterates language, long a trope of writing about illness, Engle contends that the person with chronic pain is not hampered by a scarcity of language but rather its excess, enervation by the unending waves of utterance. From a history of the word chronic and its shifting significance to meditations on multiple diagnoses and interactions with medical personnel, *Chronic Conditions* is a doctor's case file through the looking glass of a creative writer, scholar, and patient. Engle explores through medical research, literature, and art how it feels to become attuned to the rhythms of perpetual and mysterious physical pain. At stake here is the search for a kind of writing that does not instrumentalize pain for allegorical or transcendental purposes. Chronic pain is not a sign of weakness nor is it an opportunity for personal growth, Engle argues. Instead, it is entirely ordinary and deeply affecting. **Nove: Nine Nicked and Negligent Tales Taken from Mercury** Dominic M. Martin, 2019-05-24 These nine stories, scenes from faraway youth, would have been misremembered, truncated, and come into the present, morphed into something distinct from what they once were, yet they still bear the better telling. It is warranted since all nine tales taken from *Mercury* do knit and meld themselves together to form a better whole, to create a most pleasing portrait of the distant past. *The Mornings I Woke up with 2 Men* Nikki S. Reed, 2021-11-23 Based off a true story, Hannah and Ian meet in high school at the age of fifteen and fall crazily in love with each other. Very quickly they become the envy of many around them for being the perfect match. However, as they grow older, Hannah meets a very sinister side of Ian that sets the stage for a future of lies, secrets, heartache, and tumult, and the possibility of losing her life. She eventually finds herself entangled in a dangerous web of abuse and deception and tries to escape, but with every attempt to break free, she is pulled back in by her charming but devilish captor. Nikki S. Reed is a Jamaican single mother of three boys, a teacher of English, and a trained counselor. She is a survivor of domestic violence and narcissistic abuse. Currently, she resides in the United States of America where she continues to write, raise her three sons, while being an advocate and motivational speaker for victims of domestic violence and narcissistic abuse. <https://www.meditationmedicationcounseling.com>
