The Politics of Nordsploitation Pietari Kääpä, Tommy Gustafsson, 2021-01-14 *The Politics of Nordsploitation* takes a transnational approach to exploring Nordic exploitation films in their industrial contexts, viewing them as not only political manifestations of domestic considerations but also to position Nordic film cultures in a global context. Incorporating a wide range of films from international cult classics like *They Call Her One Eye* (1974) to homegrown martial arts films like *The Ninja Mission* (1984) to contemporary crowd-sourced fan productions like *Iron Sky* (2012), this volume examines the remarkable diversity of genre-based commercially and culturally exploitative film production throughout the Nordic countries emphasized here through the term *Nordsploitation*. This volume provides a historical exposition of largely ignored marginal films and film cultural patterns. It also outlines how influential these films have been in shaping the development of Nordic cinema. The effects are visible in the films of the new millennium as previously marginalized practices now enter the mainstream. With sharp insights and new research, *The Politics of Nordsploitation* redefines the concept of exploitation and its role in small nation cinemas.

Hansard examines the intersection of *Star Trek* and Christianity, utilizing logic and critical thinking to investigate the ideas in both new and old *Trek* series to compare them with a Christian worldview. Is Christianity manipulative? Is God capricious, angry and insecure? Is it rational to believe in the resurrection of Jesus? Does predestination contradict our free will?
