Perry, 2015-09-01

Misunderstood or deliberately twisted biological science leads to overheated rhetoric and bad policy We like to think that science always illuminates But the disturbing persistence of the concept of biological determinism the false idea that human behavior is genetically fixed or inherently programmed and therefore is not susceptible to rapid change shows that scientific research and concepts can be distorted to advance an inhumane and sometimes deadly political agenda It was biological determinism that formed the basis of the theory of eugenics which in turn led to the forced sterilization of misfits and the creation of Nazi death camps In *Killer Apes Naked Apes and Just Plain Nasty People* anthropologist Richard J Perry delivers a scathing critique of determinism Exploring the historical context and enduring popularity of the movement over the past century and a half he debunks the facile and the reductionist thinking of so many popularizers of biological determinism while considering why biological explanations have resonated in ways that serve to justify deeply conservative points of view Moving through time from the prevalence of overt racism in the late nineteenth and early twentieth centuries to human nature arguments from the rise of sociobiology in the 1970s to the current fixation on evolutionary psychology the book argues that both history and cross cultural studies amply demonstrate the human capacity for growth and self determination Clearly written conversational and rationally argued this book promotes sound and careful research while skewering the bogus ideological assertions that have been used to justify colonialism slavery gender discrimination neoliberal economic policies and the general status quo **Enterprise of the 1600s** David C. Martin, 2018-08-16

Enterprise of the 1600s is a sea story a business story about overcoming great odds and continually making the best of a situation It tells how positive thinking seizing opportunities and building win win relationships can work even in a world coming out of the dark ages Dennis Merritt as a boy was kidnapped and forced to work as a crew on a merchant sailing ship He found ways to thrive and he built his own shipping business using commonsense techniques that were available then but not ever used The ruling governments were jealous of his success and angry that he had avoided paying huge tributes back to them Outwitting them was dangerous Watch as Dennis plans and maneuvers to stay alive and thrive while building the most successful worldwide enterprise of the times **The London Underground Serial Killer** Geoff Platt, 2015-04-30 The story is now thirty years old and most if not all of the characters involved were middle aged men at the time and are now dead The story did make the national press when it first occurred A murder in a Police Station is big news and something to beat the Police with However when it was found that 12 people had been pushed under underground trains in London by a man that they did not know the

government felt that it might lead to mass hysteria and put a lid on the story with the press The officers involved were a small select cadre of elite Flying Squad and Serious Crime Squad officers from South London the same ones who had been dealing with the Krays Richardsons Brinks Mat etc Their methods were unorthodox and recorded in the best selling Untouchables book They were several extreme and unusual and certainly unorthodox tactics Officers kidnapped senior Home Office officials and detained them until the Old Bailey judge issued a summons and threatened a warrant in 5 minutes At the committal the judge prosecution defence and everybody had to step over the start witness and he vomitted on the judge s shoes Witnesses being murdered Other witnesses being locked up in secret cells to protect them from being murdered The Attorney General was satisfied that there was convincing evidence of all 16 murders that Kelly admitted He was in prison for thirty years with only one or two days between sentences and all the murders coincided with his absences from prison and before his next arrest When protected by Police most had been witnessed In 12 cases Kelly had presented himself to Police as a star witness who had been talking to the poor depressed man about his unfaithful wife when the train arrived at the station and he jumped underneath it The widow eventually lost her husband her reputation when Kelly s story was told to the coroner and her insurance money when the death was ruled to be suicide The A G authorised five murders to be charged and instructed that prosecutions were to be discontinued and the remaining charges left on file as soon as two convictions were secured as further prosecutions would not be in the public interest due to their expense
