The Good Old Days In Hampton And Newport News:

Lighthouses of Hampton Roads: A History Benjamin H. Trask, 2023 For nearly two centuries the beacons of light stations guided vessels through the deceptively hazardous waters in and around Hampton Roads Eleven light stations have dotted the southeastern coast of Virginia since the days of the early republic Starting with Alexander Hamilton's establishment of the federal lighthouse service their story meanders through the American Civil War Reconstruction the Second World War and beyond tracing the development of maritime commerce in the region The keepers themselves were mostly white men from Virginia or North Carolina however caretakers also included immigrants women and formerly enslaved men For almost two hundred years these stalwarts maintained the beacons that guided vessels through these waters They also rescued those in peril Far from being isolated their collective lives were intertwined with the events and innovations that shaped the nation Local historian Benjamin Trask tells their stories The Good Old Days in Hampton and Newport News Parke Rouse, 1986 Curiosities of Hampton Roads Tamy Kay Thompson, 2018-10-20 Facts and photos highlighting the haunting side of Virginia s Tidewater The history of Hampton Roads is as deep as the waters that surround it From some of the first settlers in the New World to the formation of the nation Virginia's Tidewater is rich in curious tales of legends and lore In the Southside the famed pirate Blackbeard was beheaded by Captain Maynard of Hampton Captain John Smith was a part of the first governing body in America formed in Jamestown The nation's oldest mental institution still stands in Williamsburg Staff and guests at Boxwood Inn in Newport News have reported hauntings from a former owner and other eerie occurrences In this offbeat travel guide author Tamy Kay Thompson covers these stories and more as she takes readers on a journey through the always entertaining past of Hampton Roads **Darling Loraine** Barbara Smith, 2000 Classic Restaurants of Coastal Virginia Patrick Evans-Hylton, 2019-06-10 The history of dining in Virginia goes back to 1607 Dairy lunches and tearooms dominated the early twentieth century dining scene Local favorite Doumar's famous for inventing the ice cream cone became the rage at the 1907 Jamestown Exposition and palatial seaside resorts like the Cavalier attracted patrons to their luxurious dining rooms in the Roaring Twenties In the 1930s Bacalis Hot Dog Place invented the Norfolk Dog a tradition that s carried on today Steinhilber's has catered to family nights out for decades keeping pace as the local food scene has grown and changed Join local chef and food writer Patrick Evans Hylton as he recalls the history of Coastal Virginia s restaurants and the personalities that made them unforgettable William Styron James L.
