subjects contained in the Gospels can be divided into five parts The ordinary acts of the life of Christ the miracles the prophecies the words that served to establish the dogmas of the church and moral teaching If the first four have been the subject of controversy the last one has remained unassailable Before this divine code the same incredulity bows it is the ground where all cults can be found and the banner under which all can shelter whatever their beliefs because it has never

been the subject of religious disputes always and everywhere raised by questions of dogma For the rest if the sects had discussed it they would have found in that teaching their own condemnation because the majority have taken into consideration the mystical part more than the moral part which demands self reform For men in particular it is a rule of conduct that embraces all circumstances of public or private life the principle of all social relations founded on the most rigorous justice in short and above all it is the infallible path of true happiness the part that lifts the veil that covers the future life This part is the exclusive object of this work *The Gospel According to Spiritism* Kardec Kardec,2020-08-24 The subjects contained in the Gospels can be divided into five parts The ordinary acts of the life of Christ the miracles the prophecies the words that served to establish the dogmas of the church and moral teaching If the first four have been the subject of controversy the last one has remained unassailable Before this divine code the same incredulity bows it is the ground where all cults can be found and the banner under which all can shelter whatever their beliefs because it has never been the subject of religious disputes always and everywhere raised by questions of dogma For the rest if the sects had discussed it they would have found in that teaching their own condemnation because the majority have taken into consideration the mystical part more than the moral part which demands self reform For men in particular it is a rule of conduct that embraces all circumstances of public or private life the principle of all social relations founded on the most rigorous justice in short and above all it is the infallible path of true happiness the part that lifts the veil that covers the future life This part is the exclusive object of this work Why buy this book Because the knowledge that is revealed in this author's books a series that we sell through Amazon in different languages and formats will take the reader on a deep journey through a deeper understanding of the wisdoms that govern our universe A book that every lover of life its forms and spiritual religious and self knowledge knowledge cannot stop reading *The Gospel According to Spiritualism* Allan Kardec,2021 Spiritism in its simplest expression Allan Kardec,2021-11-17 Wanting to popularize Spiritism and make spreading it easier and quicker but without prejudicing the basic works of the Spiritist Doctrine Allan Kardec wrote a number of booklets and distributed them throughout France at prices that were affordable for anyone who might be interested Some of them had several printings and were highly successful They continued to be republished even after the Codifier's discarnation This is one of those booklets It is hoped that Spiritist readers will find that this unpretentious work enriches their knowledge of the Spiritist Doctrine The Gospel According to Spiritism (Chinese Edition) Allan Kardec,2019-01-18 This is the first Chinese translation of The Gospel According to Spiritism the third of the five books of the Spiritist canon Originally published in Paris in 1864 by Allan Kardec it is possibly the most popular of his books containing the explanation of hundreds of Biblical passages including over a hundred messages transmitted by superior spirits *The Gospel According to Spiritism (Illustrated)* Allan Kardec,2017-09-12 This is no ordinary book This is not a book which is usually read from cover to cover afterwards to be placed on a bookshelf and forgotten This is a book for daily use for moments of trouble when we feel

theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional **You Never Die** Irene Petteice,2018-06-01 You Never Die is a religious yet mystical book of the unknown other dimensions perhaps Heaven s even But it explains it all in a way so that you should not fear death and dying because your life continues on and You Never Die tells you where your life continues You Never Die is well researched and written from the author s own life s experiences as an intuitive It contains everything you ever wanted to know about the hereafter but never heard from anyone else as to what happens between here and eternity Do you die and take a dirt nap Do our pets go to Heaven Do we really have guardian angels Do people really have out of body experiences Have some people died seen Jesus and then come back to life Can you really move a mountain by faith Learn the truth right here **Souls of Naples** Autori Vari,2024-03-21T14:32:00+01:00 In this volume you will find stories about hyperactive relics ghosts in spiritual or bodily form as well as accounts of the dead being conjured resurrected and brought back to life from decomposing matter This is not so much for the purpose of assembling a kind of Neapolitan Wunderkammer but rather to allow these bodies in physical or spiritual form or sometimes both at the same time to speak as protagonists and to offer their own contribution to the historical anthropology of the Kingdom of Naples This volume explores the boundaries between body and spirit life and death as well as the natural preternatural and supernatural in the long early modern era in southern Italy
