Laconia: 1,200 Tweets on Film Masha Tupitsyn, 2011-05-16 If the sound bite is the new order then how do we make every word count In today's surplus world of communication overload and cultural clutter writer and cultural critic Masha Tupitsyn turns to the media matrix of Twitter to explore the changing ways that we construct and consume narrative Loosely applying the discerning aphorism a compressed genre in itself to a 21st century context LACONIA 1 200 TWEETS ON FILM offers meditations on film and popular culture that resonant with laconic meaning and personal insight while getting to the heart of the matter Inspired by Chris Marker's free associative film impressions in *La Jetée* and *Sans Soleil* LACONIA is part film diary part cultural inventory and part mashup Pulling from an array of film popular culture books and mainstream news it offers penetrating critical commentary on an increasingly muddled virtual world LACONIA consists of brick by brick prose

as Tupitsyn thinks in sentences and lines that culminate in an architecture of thin **SMELL** Andreas Philippopoulos-Mihalopoulos, Danilo Mandić, Caterina Nirta, Andrea Pavoni, 2023-12-04 Although somewhat marginal in relation to the other senses smell is the most potent way of anchoring ourselves to the world We subconsciously find our place in it by sniffing our body the body of the one next to us the room in which we are the culture with which we are familiar There is an incessant olfactory flow consisting of bodies human and nonhuman that are agents of generation consumption diffusion reproduction and dissolution of odours As they move or pause as they cluster with others or try to move away these bodies constantly partake in this olfactory flow this dense planetary swirl that leaves nothing outside The law aims at presenting itself as rational and objective Smell on the other hand is one of the least integrated senses in the legal edifice in comparison to say seeing and hearing This can be attributed mainly to the fact that sense making of smell and law are different even antithetical Smell operates undercurrent tickling the olfactory antennas of individual and collective bodies while habitually hiding behind other sensory volumes Law on the other hand has an interest in appearing present universal constant Olfactory sense making relies on its elusiveness legal sense making invests in its obviousness Yet the two can interact in most unexpected ways as this volume amply shows If anything smell airs the way in which law conceptualises and contextualises its own actuality Smell brings law forth by allowing it to show its underbelly its elusive sense making that is invariably sacrificed in preference to the necessity of legal impressions of constancy However smell's fragmentary discontinuous and unstable nature despite all the ordering that goes to it poses a peculiar challenge to the law This volume sets out to investigate this juncture **Sovereign Fictions** Ilya Kliger, 2024-04-05 An exploration of Russian realist fiction reveals a preoccupation with the absolutist state The nineteenth century novel is generally assumed to owe its basic social imaginaries to the ideologies institutions and practices of modern civil society In *Sovereign Fictions* Ilya Kliger asks what happens to the novel when its fundamental sociohistorical orientation is as in the case of Russian realism toward the state Kliger explores Russian realism's distinctive construals of sociality through a broad range of texts from the 1830s to the 1870s including major works by Tolstoy Dostoevsky Gogol Pushkin Lermontov Goncharov and Turgenev and several lesser known but influential books of the period including Alexander Druzhinin's *Polinka* Saks 1847 Aleksei Pisemsky's *One Thousand Souls* 1858 and Vasily Sleptsov's *Hard Times* 1865 Challenging much current scholarly consensus about the social dynamics of nineteenth century realist fiction *Sovereign Fictions* offers an important intervention in socially inflected theories of the novel and in current thinking on representations of power and historical poetics *Michael Chekhov's Acting Technique* Sinéad Rushe, 2019-01-24 Intended for actors directors teachers and researchers this book offers an exceptionally clear and thorough introduction to the renowned acting technique developed by Michael Chekhov Sinéad Rushe's book provides a complete overview of the whole method and includes illuminating explanations of its principles as well as a wide range of practical exercises that illustrate step by step how they can be applied to dramatic texts Part One provides an

outline of the ideas that underpin the work which help to prepare practitioners to become responsive and receptive and to awaken their imagination Part Two charts a journey through the foundational psychophysical exercises that can both orient an actor's training routine and be applied directly to the development of a role Part Three focuses on more specific and elaborate methods of scene work characterisation and the art of transformation Drawing on the full range of Chekhov's writing in English and French this book also examines unpublished material from the Dartington Hall archives and features interviews with actors who have worked with the technique including Simon Callow and Joanna Merlin It illustrates Chekhov's approach by referring to Rushe's own productions of Nikolai Gogol's short story *Diary of a Madman* and Shakespeare's *Othello* as well as characters and scenes in Sarah Kane's *Blasted* and the contemporary American television series *Breaking Bad* Michael Chekhov's *Acting Technique* is an accessible comprehensive and contemporary point of reference for those already trained in the method as well as an initiation and toolkit for practitioners who are just beginning to discover it

Psychological Trauma and the Legacies of the First World War Jason Crouthamel, Peter Leese, 2016-11-17 This transnational interdisciplinary study of traumatic neurosis moves beyond the existing histories of medical theory welfare and symptomatology The essays explore the personal traumas of soldiers and civilians in the wake of the First World War they also discuss how memory and representations of trauma are transmitted between patients doctors and families across generations The book argues that so far the traumatic effects of the war have been substantially underestimated Trauma was shaped by gender politics and personality To uncover the varied forms of trauma ignored by medical and political authorities this volume draws on diverse sources such as family archives and narratives by children of traumatized men documents from film and photography memoirs by soldiers and civilians This innovative study challenges us to re-examine our approach to the complex psychological effects of the First World War

The *Government Inspector* Николай Васильевич Гоголь, Gordon McDougall, 2000 *Dead Souls* Nikolay Gogol, 2004-07-29

Chichikov a mysterious stranger arrives in the provincial town of N visiting a succession of landowners and making each a strange offer He proposes to buy the names of dead serfs still registered on the census saving their owners from paying tax on them and to use these souls as collateral to re invent himself as a gentleman In this ebullient masterpiece Gogol created a grotesque gallery of human types from the bear like Sobakevich to the insubstantial fool Manilov and above all the devilish con man Chichikov Dead Souls Russia s first major novel is one of the most unusual works of nineteenth century fiction and a devastating satire on social hypocrisy
