The Great Betrayal The Evacuation Of The Japanese Americans During World War II:

The Great Betrayal Audrie Girdner, Anne Loftis, 1969 In an ominous departure from American constitutional guarantees 100 000 West Coast American Japanese were evacuated and interned during World War II Here is the whole shameful story told in full for the first time It is a story told largely in the words of the people themselves about their reactions and experiences in their cataclysmic uprooting that robbed them of their homes their businesses their farms their sense of belonging to a nation that repudiated solely on grounds of racial ties with the enemy although the overwhelming majority of them had clear records of responsible and loyal citizenship the young children and elders among them could not possibly have posed a threat to security and the American born men were asked to contribute to the very war effort they were assumed to jeopardize This is the drama of their confinement of their eventual release and gradual reacceptance by their countrymen whose hysteria whipped on by racial hate groups was sanctioned by the highest tribunal of the land through decisions which still stand unreversed today Now twenty five years later the apologies have been made the reparations attempted the claims settled and the citizenship of the renunciants restored wrote the authors but the evacuation cannot be relegated to a dusty corner of history As a departure from American principles it will stand as an aberration and a warning

The Great Betrayal; The Evacuation of the Japanese-Americans During World War II, by Audrie Girdner and Anne Loftis Audrie Girdner, 1969 **The Great Betrayal: the Evacuation of the Japanese-Americans During World War 2**, 1969 *Japanese-American Civilian Prisoner Exchanges and Detention Camps, 1941-45* Bruce Elleman, 2006-04-18

The important and previously undocumented event in the history of the Second World War the negotiation of prisoner exchanges between the United States and Japan during 1941 to 1943 is examined here by Bruce Elleman Approximately 7000 American citizens had been arrested by the Japanese authorities while visiting Japan as tourists conducting business teaching English or carrying out missionary work The same amount of Japanese citizens living illegally in the United States had to be repatriated to secure the Americans release Challenging the conventional perceptions regarding the role and justification of the detention camp this insightful book addresses questions regarding the diplomatic agreement between Japan and the United States the Japanese American detention camps and the role of one of the most successful minority groups in the United States today the Japanese Americans *Encyclopedia of Japanese American Internment* Gary Y. Okihiro, 2013-06-11 This book addresses the forced removal and confinement of Japanese Americans during World War II a topic significant to all Americans regardless of race or color The internment of Japanese Americans was a violation of the Constitution and its guarantee of equal protection under the law yet it was authorized by a presidential order given substance by an act of Congress and affirmed by the U S Supreme Court Japanese internment is a topic that we as Americans cannot afford to forget or be ignorant of This work spotlights an important subject that is often only described in a cursory fashion in general textbooks It provides a comprehensive accessible treatment of the events of Japanese American

internment that includes topical event and biographical entries a chronology and comprehensive bibliography and primary documents that help bring the event to life for readers and promote inquiry and critical thinking

World War II in the Pacific Stanley Sandler, 2003-12-16 Stanley Sandler one of America's most respected and best known military historians has brought together over 300 entries by some 200 specialists in the field to create the first encyclopedia specifically devoted to the Pacific Theatre of World War II Extending far beyond battles and hardware the coverage ranges from high policy making grand strategy and the significant persons and battles of the conflict to the organization of the Allied and Japanese divisions aircraft armor artillery psychological warfare warships and the home fronts covering the interactions of each topic along the way

The A to Z of World War II Anne Sharp Wells, 2009-09-28 World War II dominates world history today as it dominated world attention over 60 years ago In spite of the alliances that bound many of the same participants the war was essentially two separate but simultaneous conflicts one involved Japan as the major antagonist and took place mostly in Asia and Pacific and the other initiated by Germany and Italy was contested mainly in Europe North Africa the Mediterranean and the Atlantic

The A to Z of World War II The War Against Japan traces the brutal conflict from Japan's seizure of Chinese territory in 1931 through the onset of war with the Western Allies in 1941 to the use of atomic weapons by the United States in 1945 It also addresses the aftermath of the war including the formation of the United Nations and the American occupation of Japan As the first of two volumes covering World War II this volume concentrates on the war in Asia and the Pacific so the user benefits from the comprehensive explanations of the people places and events that shaped much of that region's 20th century history

Nisei Soldiers Break Their Silence Linda Tamura, 2012-12-15 *Nisei Soldiers Break Their Silence* is a compelling story of courage community endurance and reparation It shares the experiences of Japanese Americans Nisei who served in the U S Army during World War II fighting on the front lines in Italy and France serving as linguists in the South Pacific and working as cooks and medics The soldiers were from Hood River Oregon where their families were landowners and fruit growers Town leaders including veterans groups attempted to prevent their return after the war and stripped their names from the local war memorial All of the soldiers were American citizens but their parents were Japanese immigrants and had been imprisoned in camps as a consequence of Executive Order 9066 The racist homecoming that the Hood River Japanese American soldiers received was decried across the nation Linda Tamura who grew up in Hood River and whose father was a veteran of the war conducted extensive oral histories with the veterans their families and members of the community She had access to hundreds of recently uncovered letters and documents from private files of a local veterans group that led the campaign against the Japanese American soldiers This book also includes the little known story of local Nisei veterans who spent 40 years appealing their convictions for insubordination Watch the book trailer <http://www.youtube.com/watch?v=hHMcFdmixLk>
