Isenberg,2000 This study first published in 2000 examines the cultural and ecological causes of the near extinction of the bison      **The Great Plains in transition** Kimberly Gerk,1996      Regions in Transition Rolland Dewing,2006 Regions in Transition provides an in depth analysis of the dramatic influence of the Great Depression upon the geography politics economics and demography of the Northern Great Plains and Pacific Northwest Author Rolland Dewing who participated in the Dust Bowl migration and has lived more than thirty years in each region brings a unique voice to this history which references evidence from local histories on site visits and interviews scholarly research government documents and local newspapers      *Symposium on the Great Plains of North America* Carle C. Zimmerman, Seth Russell,1967      Indians of the Great Plains Daniel J. Gelo,2018-07-20 This book provides a thorough and engaging study of Plains Indian life It covers both historical and contemporary aspects and contains wide and balanced treatment of the many different tribal groups including Canadian and southern populations Daniel J Gelo draws on years of ethnographic research and emphasizes that Plains societies and cultures are continuing living entities The second edition has been updated to take account of recent developments and current terminology The chapters feature a range of illustrations maps and text boxes as well as summaries key terms and questions to support teaching and learning It is an essential text for courses on Indians of the Great Plains and relevant for students of anthropology archaeology history and Indigenous studies      *The Transition of Agriculture in the Great Plains from 1920 to 1929 ...* Flossie Burson,1934      *Forum for Applied Research and Public Policy* ,1994      *The American West and Its Interpreters* Richard W. Etulain,2023-05 Distinguished historian Richard W Etulain brings together a generous selection of essays from his sixty year career as a specialist on the US West in this essential volume Each essay provides an invaluable overview of the rise of western literary history and historiography including insightful evaluations of individual historians revealing summaries of regional literature and discussions of western stories yet to be told Together these writings furnish readers with useful considerations of important subjects about the American West All those interested in the American West and its interpreters will find these illuminative moments of literary history and historiography especially appealing      **Washita : the U.S. Army and the Southern Cheyennes, 1867-1869** Jerome A. Greene,2004 In this remarkably balanced history Jerome A Greene describes Custer attack on the Cheyenne at the Washita River its causes conduct and consequences even as he addresses the multiple controversies surrounding the conflict      The Nebraska Sand

Hills Charles Barron McIntosh,1996-01-01 Charles Barron McIntosh has devoted a lifetime of scholarship to the history of human activity on Nebraska s Sand Hills the spare beautiful land that occupies much of western Nebraska From carefully deciphering Native American occupancy through rigorous analysis of thousands of arrowheads to patiently combing through decades of courthouse land title transaction records McIntosh has mastered the sweep of centuries of human interaction with the land We learn how the land shapes humankind far more than pride would have us believe and we see that perhaps our real success lies in learning how to live with the land rather than attempting to master it The Nebraska Sand Hills reflects McIntosh s lifetime of learning reading questioning analyzing in short everything it means to be a scholar seldom are these efforts so well demonstrated His affection for this unique landscape is present on every page Extension Service Review,1958 **Goals and Priorities of the Great Plains Tribal Chairmen's Association** United States. Congress. Senate. Committee on Indian Affairs (1993- ),2001

Northern Plainsmen John W. Bennett,2017-07-28 A study of a rural region and plural society this book is a distinctive contribution to anthropology in that it brings the conceptual framework of that discipline to bear on a contemporary agrarian society and its historical development rather than on peasant or tribal peoples cultural ecology in that it shows the nature of the adaptations of four distinctive social groups to the environment of the Canadian Great Plains the study of social and economic change as it describes cultural patterns and mechanisms that are relevant to agrarian development the world over and North American studies in as much as it deals with community life in the classic sequence of settlement of the Western Plains The book is focused throughout on the adaptation of human societies to their environment Four groups are described the Cree Indians the aboriginal inhabitants of the area who have lost all organic relationship to natural resources and who have devised ingenious methods for manipulating the social environment ranchers whose specialized production is based upon resources used in their natural state homestead farmers whose maladjusted small farm economy after initial setbacks achieved a degree of stability through interventions by government in their adaptations to nature and the market economy and the Hutterian Brethren whose adaptation consisted primarily of the introduction to the region of a new kind of social organization This book combines the anthropological concept of culture and the framework of ecology in the study of a modern social milieu it focuses on a region rather than on a single culture people or community so that the interplay of several social groups can be appreciated and it elaborates contemporary anthropological and ecological theory in a manner that makes it applicable to the understanding of contemporary agrarian societies John W Bennett was emeritus professor of anthropology at Washington University St Louis He served as presid
