An Art Lover's Guide to Florence Judith Testa, 2012-09-15 No city but Florence contains such an intense concentration of art produced in such a short span of time The sheer number and proximity of works of painting sculpture and architecture in Florence can be so overwhelming that Florentine hospitals treat hundreds of visitors each year for symptoms brought on by trying to see them all an illness famously identified with the French author Stendhal While most guidebooks offer only brief descriptions of a large number of works with little discussion of the historical background Judith Testa gives a fresh perspective on the rich and brilliant art of the Florentine Renaissance in *An Art Lover's Guide to Florence* Concentrating on a number of the greatest works by such masters as Botticelli and Michelangelo Testa explains each piece in terms of what it meant to the people who produced it and for whom they made it deftly treating the complex interplay of politics sex and religion that were involved in the creation of those works With Testa as a guide armchair travelers and tourists alike will delight in the fascinating world of Florentine art and history

The Ugly Renaissance Alexander Lee, 2014-10-07 A fascinating and counterintuitive portrait of the sordid hidden world behind the dazzling artwork of Michelangelo Leonardo da Vinci Botticelli and more Renowned as a period of cultural rebirth and artistic innovation the Renaissance is cloaked in a unique aura of beauty and brilliance Its very name conjures up awe inspiring images of an age of lofty ideals in which life imitated the fantastic artworks for which it has become famous But behind the vast explosion of new art and culture lurked a seamy vicious world of power politics perversity and corruption that has more in common with the present day than anyone dares to admit In this lively and meticulously researched portrait Renaissance scholar Alexander Lee illuminates the dark and titillating contradictions that were hidden beneath the surface of the period's best known artworks Rife with tales of scheming bankers greedy politicians sex crazed priests bloody rivalries vicious intolerance rampant disease and lives of extravagance and excess this gripping exploration of the underbelly of Renaissance Italy shows that far from being the product of high minded ideals the sublime monuments of the Renaissance were created by flawed and tormented artists who lived in an ever expanding world of inequality dark sexuality bigotry and hatred *The Ugly Renaissance* is a delightfully debauched journey through the surprising contradictions of Italy's past and shows that were it not for the profusion of depravity and degradation history's greatest masterpieces might never have come into being

"Women, Manuscripts and Identity in Northern Europe, 1350-1550" Joni M. Hand, 2017-07-05 Author Joni M Hand sheds light on the reasons women of the Valois courts from the mid fourteenth to the mid sixteenth century commissioned devotional manuscripts Visually interpreting the non text elements portraits coats of arms and marginalia as well as the texts Hand explores how the manuscripts were used to express the women's religious political and or genealogical concerns This study is arranged thematically according to the method in which the owner is represented Recognizing the considerable influence these women had on the appearance of their books Hand interrogates

how the manuscripts became a means of self expression beyond the realm of devotional practice She reveals how noblewomen used their private devotional manuscripts as vehicles for self definition to reflect familial political and social concerns and to preserve the devotional and cultural traditions of their families Drawing on documentation of women s book collections that has been buried within the inventories of their fathers husbands or sons Hand explores how these women contributed to the cultural and spiritual character of the courts and played an integral role in the formation and evolution of the royal libraries in Northern Europe

sep 30 2013 compressed sensing theory can improve radar imaging experiments 1 introduction 2 this paper introduces a novel technique for inverting radar imaging data using signal processing ideas developed in the past few years known as compressed sensing or compressive sampling

compressed sensing radar signal detection and parameter - Sep 13 2022

aug 4 2016 the sub nyquist sampling compressed sensing yuan et al 2009 is modern signal processing approach to detect the sparse radar signals projecting to union of subspaces and extracting the coherent basis for reconstruction

compressed sensing reconstruction of radar echo signal based hindawi - Jul 11 2022

sep 1 2021 the compressed sensing theory which has received great attention in the field of radar technology can effectively reduce the data rate of high resolution radar imaging systems and solve the problem of collecting storing and transmitting large amounts of data in radar systems through the study of radar signal processing theory it can be found that the echo
recent advances in compressed sensing and its application - Apr 08 2022

compressed sensing compressive sensing compressive sampling or sparse sampling is a signal processing technique for efficiently acquiring and reconstructing a signal by finding solutions to underdetermined linear systems

compressive sensing applied to radar systems an overview signal - Jun 22 2023

oct 22 2015 recently there has been a great interest to consider compressive sensing cs for radar system design cs is a novel technique which offers the framework for sparse signal detection and estimation for optimized data handling in radars cs enables the achievement of better range doppler resolution in comparison with the traditional techniques

frontiers grand challenges in radar signal processing - Feb 06 2022

mar 5 2021 signal processing for radar systems is a vast and fascinating discipline that covers numerous techniques and touches on several of application areas the history of radar began more than one hundred years ago in 1904 when christian hülsmeyer demonstrated the first experimental radar in cologne germany gri19 the banks of the river rhine at cologne s

introduction compressed sensing in radar signal processing - Jul 23 2023

sep 30 2019 1 sub nyquist radar principles and prototypes 2 clutter rejection and adaptive filtering in compressed sensing radar 3 rfi mitigation based on compressive sensing methods for uwb radar imaging 4 compressed cfar techniques 5 sparsity based methods for cfar target detection in stap random arrays

efficient two dimensional compressive sensing in mimo radar - Oct 14 2022

mar 1 2017 compressive sensing cs has been a way to lower sampling rate leading to data reduction for processing in multiple input multiple output mimo radar systems in this paper we further reduce the computational complexity of a pulse doppler collocated mimo radar by introducing a two dimensional 2d compressive sensing

compressed sensing radar signal processing communications - May 21 2023

covers both theoretical and practical advances in radar signal processing using compressed sensing provides broad coverage of topics including clutter rejection cfar detection adaptive beamforming random arrays for radar space time adaptive processing and mimo radar

[compressed sensing in radar signal processing](#) - Aug 24 2023

compressed sensing in radar signal processing learn about the most recent theoretical and practical advances in radar signal processing using tools and techniques from compressive sensing providing a broad perspective that fully demonstrates the impact of these tools the accessible and tutorial like

design and analysis of compressed sensing radar detectors - May 09 2022

oct 16 2012 abstract we consider the problem of target detection from a set of compressed sensing cs radar measurements corrupted by additive white gaussian noise we propose two novel architectures and compare their performance by means of receiver operating characteristic roc curves

on compressive sensing applied to radar signal processing - Mar 07 2022

may 1 2010 compressive sensing cs techniques offer a framework for the detection and allocation of sparse signals with a reduced number of samples today modern radar systems operate with high bandwidths demanding high sample rates according to the shannon nyquist theorem and a huge number of single elements for phased array antennas

compressed sensing wikipedia - Dec 16 2022

compressed sensing also known as compressive sensing compressive sampling or sparse sampling is a signal processing technique for efficiently acquiring and reconstructing a signal by finding solutions to underdetermined linear systems

compressed sensing in radar signal processing google books - Apr 20 2023

oct 17 2019 antonio de maio yonina c eldar alexander m haimovich cambridge university press oct 17 2019 computers 378 pages learn about the most recent theoretical and practical advances in radar

high resolution radar via compressed sensing ieee xplore - Jun 10 2022

feb 2 2009 abstract a stylized compressed sensing radar is proposed in which the time frequency plane is discretized into an n times n grid assuming the number of targets k is small i e $k \ll n^2$ then we can transmit a sufficiently incoherent pulse and employ the techniques of compressed sensing to reconstruct the target scene

sensors free full text compressed sensing radar imaging mdpi - Jan 17 2023

jun 3 2019 download keyboard arrow down browse figures versions notes abstract in recent years sparsity driven regularization and compressed sensing cs based radar imaging methods have attracted significant attention this paper provides an introduction to the fundamental concepts of this area

compressed sensing mri a review from signal processing - Dec 04 2021

mar 29 2019 compressed sensing cs theory 12 16 17 addresses the accurate recovery of unknown sparse signals from underdetermined linear measurements and has become one of the main research topics in the signal processing area for the last two decades 18 19 20 21 22 23

application of compressed sensing theory to radar signal processing - Mar 19 2023

Jul 11 2010 abstract compressed sensing theory is a newly developed theory which unites the signal sampling and compression based on the sparsity characteristic of signal the union can reduce sampling rate and then reduce computational complexity of the system without the loss of the performance of the system

compressed sensing based range doppler processing method for passive radar - Aug 12 2022

Jul 23 2021 in recent years the application of compressed sensing cs has been considered in passive radar cs is a sparse signal processing technology [13][14] which can reduce the amount of sampling data and use a small number of measurements to

compressed sensing in radar signal processing - Sep 25 2023

learn about the most recent theoretical and practical advances in radar signal processing using tools and techniques from compressive sensing providing a broad perspective that fully demonstrates the impact of these tools the accessible and tutorial like chapters cover topics such as clutter rejection cfar detection adaptive beamforming

data analyst practice test number 1 excel practice online - Aug 18 2023
