The Land And Government Of Muscovy A Sixteenth Century Account

**Bonnie G. Smith, Marc Van de
Mieroop, Richard Von Glahn, Kris E.
Lane**

The Land And Government Of Muscovy A Sixteenth Century Account:

The Land and Government of Muscovy Heinrich von Staden, Thomas Esper, 1967 The Land and Government of Muscovy Heinrich von Staden, 1967 **Sources of Crossroads and Cultures, Volume II: Since 1300** Bonnie G. Smith, 2012 **The Cambridge History of Russia: Volume 1, From Early Rus' to 1689** Maureen Perrie, Ronald Grigor Suny, 2006 An authoritative history of Russia from early Rus to the reign of Peter the Great *Imperial Russian Foreign Policy* Hugh Ragsdale, V. N. Ponomarev, 1993-10-29 Imperial Russian Foreign Policy aims to demythologise a field hitherto dominated by suspicions of diabolical cunning inscrutable motives and international plots using unseen forces of the gigantic fear inspiring empire of the tsar The contributors leading historians from both Russia and the West examine Imperial foreign policy from its origins to the October Revolution revealing a policy that as in other countries had a complex of motives commerce nationalism the interests of various social groups but an unusual origin coming almost exclusively from the entourage of the tsar The work is based largely on original research in Soviet archives which only became possible after Soviet glasnost *The Limits of Empire: European Imperial Formations in Early Modern World History* William Reger, 2016-03-03 This volume published in honor of historian Geoffrey Parker explores the working of European empires in a global perspective focusing on one of the most important themes of Parker's work the limits of empire which is to say the centrifugal forces sacral dynastic military diplomatic geographical informational that plagued imperial formations in the early modern period 1500 1800 During this time of wrenching technological demographic climatic and economic change empires had to struggle with new religious movements incipient nationalisms new sea routes new military technologies and an evolving state system with complex new rules of diplomacy Engaging with a host of current debates the chapters in this book break away from conventional historical conceptions of empire as an essentially western phenomenon with clear demarcation lines between the colonizer and the colonized These are replaced here by much more fluid and subtle conceptions that highlight complex interplays between coalitions of rulers and ruled In so doing the volume builds upon recent work that increasingly suggests that empires simply could not exist without the consent of their imperial subjects or at least significant groups of them This was as true for the British Raj as it was for imperial China or Russia Whilst the thirteen chapters in this book focus on a number of geographic regions and adopt different approaches each shares a focus on and interest in the working of empires and the ways that imperial formations dealt with or failed to deal with the challenges that beset them Taken together they reflect a new phase in the evolving historiography of empire They also reflect the scholarly contributions of the dedicatee Geoffrey Parker whose life and work are discussed in the introductory chapters and we re proud to say in a delightful chapter by Parker himself an autobiographical reflection that closes the book **A History of Russia Volume 1** Walter G. Moss, 2003-07-01 This new edition retains the features of the first edition that made it a popular choice in universities and colleges throughout the US Canada and around the world Moss's accessible history includes full treatment

of everyday life the role of women rural life law religion literature and art In addition it provides many other features that have proven successful including a well organized and clearly written text references to varying historical perspectives numerous illustrations and maps fully updated bibliographies accompanying each chapter as well as a general bibliography a glossary and chronological and genealogical lists

Sources for World in the Making: Since 1300 Bonnie G.

Smith,Marc Van de Mieroop,Richard Von Glahn,Kris E. Lane,2018-08-07 Designed to complement World in the Making A Global History this two volume sourcebook gathers together the voices of both notable figures and everyday individuals Compiled by the Bonnie Smith Marc Van Der Mieroop Richard von Glahn and Kris Lane Sources for World in the Making reflects the geographic breadth and key social cultural and political developments covered in each chapter of the parent text Every chapter includes an introduction and approximately six sources representing both major works and fresh perspectives A Contrasting Views feature presents sources with divergent perspectives to foster comparative analysis

Solovki Roy R.

Robson,2008-10-01 div Located in the northernmost reaches of Russia the islands of Solovki are among the most remote in the world And yet from the Bronze Age through the twentieth century the islands have attracted an astonishing cast of saints and scoundrels soldiers and politicians The site of a beautiful medieval monastery once home to one of the greatest libraries of eastern Europe Solovki became in the twentieth century a notorious labor camp Roy Robson recounts the history of Solovki from its first settlers through the present day as the history of Russia plays out on this miniature stage In the 1600s the piety and prosperity of Solovki turned to religious rebellion siege and massacre Peter the Great then used it as a prison But Solovki s glory was renewed in the nineteenth century as it became a major pilgrimage site only to descend again into horror when the islands became in the words of Alexander Solzhenitsyn the mother of the Gulag system From its first intrepid visitors through the blood soaked twentieth century Solovki like Russia itself has been a site of both glorious achievement and profound misery DIV

Unfree Labor Peter KOLCHIN,2009-06-30

Two massive systems of unfree labor arose a world apart from each other in the late sixteenth and early seventeenth centuries The American enslavement of blacks and the Russian subjection of serfs flourished in different ways and varying degrees until they were legally abolished in the mid nineteenth century Historian Peter Kolchin compares and contrasts the two systems over time in this magisterial book which clarifies the organization structure and dynamics of both social entities highlighting their basic similarities while pointing out important differences discernible only in comparative perspective These differences involved both the masters and the bondsmen The independence and resident mentality of American slaveholders facilitated the emergence of a vigorous crusade to defend slavery from outside attack whereas an absentee orientation and dependence on the central government rendered serfholders unable successfully to defend serfdom Russian serfs who generally lived on larger holdings than American slaves and faced less immediate interference in their everyday lives found it easier to assert their communal autonomy but showed relatively little solidarity with peasants outside their own villages American slaves by contrast were

both more individualistic and more able to identify with all other blacks both slave and free Kolchin has discovered apparently universal features in master bondsman relations a central focus of his study but he also shows their basic differences as he compares slave and serf life and chronicles patterns of resistance If the masters had the upper hand the slaves and serfs played major roles in shaping and setting limits to their own bondage This truly unprecedented comparative work will fascinate historians sociologists and all social scientists particularly those with an interest in comparative history and studies in slavery

Wooden Church Architecture of the Russian North Evgeny Khodakovsky, 2015-08-11 The book presents a broad panoramic overview of church architecture in the Russian North between the fourteenth and nineteenth centuries While it is inevitably overshadowed by the imperial splendour of the country's capital cities this unique phenomenon is regarded as the most distinctive national expression of traditional Russian artistic culture and at the same time as a significant part of humanity's worldwide architectural heritage The chief intention of the book is to present the regionally specific features of the wooden churches of the Russian North which vary from area to area for local natural or historical reasons This approach touches upon the very important questions of the typology and classification of the multiplicity of architectural forms The regional view entails giving clear definitions of the ambiguous terms architectural school and tradition explaining the origins and shaping impulses for the different regional clusters of objects Structurally the book presents a history of the development of wooden church architecture in the Russian North and then follows the key points of the mediaeval Russian expansion along the waterways from Novgorod into the North the Svir River Lake Onega the town of Kargopol and the River Onega the White Sea the Rivers Dvina Pinega and Mezen those areas that still retain the most splendid pieces of Russian regional wooden church architecture The study is based on field research and provides an up to date multi faceted view of Russian wooden architecture

The Journal of Military History, 2004

Ivan the Terrible Charles J. Halperin, 2019-09-13 Ivan the Terrible is infamous as a sadistic despot responsible for the deaths of thousands of innocent people particularly during the years of the oprichnina his state within a state Ivan was the first ruler in Russian history to use mass terror as a political instrument However Ivan's actions cannot be dismissed by attributing the behavior to insanity Ivan interacted with Muscovite society as both he and Muscovy changed This interaction needs to be understood in order properly to analyze his motives achievements and failures Ivan the Terrible Free to Reward and Free to Punish provides an up to date comprehensive analysis of all aspects of Ivan's reign It presents a new interpretation not only of Ivan's behavior and ideology but also of Muscovite social and economic history Charles Halperin shatters the myths surrounding Ivan and reveals a complex ruler who had much in common with his European contemporaries including Henry the Eighth

Ivan the Terrible Maureen Perrie, Andrei Pavlov, 2014-07-10 This is the first major re assessment of Ivan the Terrible to be published in the West in the post Soviet period It breaks away from older stereotypes of the tsar whether as crazed tyrant and evil genius on the one hand or as a great and wise statesman on the other to provide a more balanced picture It

examines the ways in which Ivan's policies contributed to the creation of Russia's distinctive system of unlimited monarchical rule. Ivan is best remembered for his reign of terror; the book pays due attention to the horrors of his executions, tortures and repressions especially in the period of the oprichnina 1565-72 when he mysteriously divided his realm into two parts, one of which was under the direct control of the tsar and his oprichniki (bodyguard). This work argues that the often gruesome forms assumed by the terror reflected not only Ivan's personal cruelty and sadism but also his religious views about the divinely ordained right of the tsar to punish his treasonous subjects just as sinners were punished in Hell. Primarily chronological in its organisation, the book focuses on three main aspects of Ivan's power: the territorial expansion of the state, the mythology, rituals and symbols of monarchy and the development of the autocratic system of rule. **Московская Русь (1359-1584)**

Ann M. Kleimola, Gail Lenhoff, 1997 **Sevastopol's Wars** Mungo Melvin CB OBE, 2017-05-18 Sevastopol's Wars is the first book in any language to cover the full history of Russia's historic Crimean naval citadel from its founding through to the current tensions that threaten the region. Founded by Catherine the Great, the maritime city of Sevastopol has been fought over for centuries. Crucial battles of the Crimean War were fought on the hills surrounding the city and the memory of this stalwart defence inspired those who fruitlessly battled the Germans during World War II. Twice the city has faced complete obliteration yet twice it has risen phoenix-like from the ashes. In this groundbreaking volume, award-winning author Mungo Melvin explores how Sevastopol became the crucible of conflict over three major engagements: the Crimean War, the Russian Civil War and World War II, witnessing the death and destruction of countless armies yet creating the indomitable spirit of Sevastopol. By weaving together first-hand interviews, detailed operational reports and battle analysis, Melvin creates a rich tapestry of history. **The Global Experience: Readings in world history to 1550** Philip F. Riley, 2002 **Warfare in Eastern Europe, 1500-1800**, 2012-01-06 This volume examines continuities and new developments in the conduct of warfare in early modern Eastern Europe from the early sixteenth century when Ottoman imperial expansion reached the Danube and Crimea to the late eighteenth century when the Polish-Lithuanian Commonwealth was partitioned out of existence and Russia rolled back Ottoman power from Ukraine and Moldavia. Contributors include specialists in Russian, Polish, Ottoman, Habsburg, Cossack and Crimean Tatar history. The essays engage military history understood in the broadest sense and treat such subjects as taxation, recruitment, the sociology and culture of officer corps, logistics, command and control and ideology as well as technology and tactics. The volume aims at facilitating comparative study of Eastern European military development across Eastern Europe and its points of divergence from military practice in the West. Contributors are Virginia H. Aksan, Brian J. Boeck, Peter B. Brown, Brian Davies, Dariusz Kupisz, Erik Lund, Janet Martin, Oleg Nozdrin, Victor Ostapchuk, Geza Palffy and Carol Belkin Stevens. **The Northern Wars** Robert I. Frost, 2014-09-25 This book provides an accessible study of the neglected but highly important series of wars fought for control of the Baltic and Northeastern Europe during the period 1558-1721. It is the first comprehensive history which considers the revolution in military strategy which took place in the

battlefields of Eastern Europe Robert Frost examines the impact of war on the very different social and political systems of Sweden Denmark Poland Lithuania and Russia and he explains why it was Russia that emerged victorious from these wars Based on extensive primary and secondary research including much material that is unfamiliar in English this book makes an important contribution to the debate on military change and political development in early modern Europe

The Age of Wars of Religion, 1000-1650 Cathal J. Nolan, 2006-04-30 The Age of Wars of Religion saw navies armies armed merchant companies and mercenaries battle one another and local potentates in many lands and along numerous shores Wars of religion were fought in and between all the major religions and civilizations from Europe to China in Africa and in the isolated Americas mixing motives of knightly idealism mercenary greed and competing claims of divine sanction This unparalleled work traces the extraordinary upheavals of the period in military technology competing theologies and civilizational change that were brought about by or impinged upon military conflict It offers nearly 2 000 discrete but cross referenced entries on cultural military religious and political history as well as geography biography and military literature Close to 2 000 entries offer detailed information on the major events places battles figures technologies and ideas one must know to begin to make sense of the past six centuries of global conflicts Though especially ferocious and intense the Wars of Reformation and Counter Reformation fought by Europeans from the 15th through 17th centuries were hardly unique in world or military history The Byzantine Empire bastion of Christian Orthodoxy staggered to the tortuous end of its long conflict with the Ottoman Empire the Great Power of the Sunni Muslim world The Ottomans in turn were still engaged in an equally ancient intra Muslim war between Sunnis and Shi ites In India the Hindu Rajputs and Marathas and also the Sikhs organized armies around religious communities to throw off the Muslim Yoke Mughul Empire and also fought against Christian invaders from Europe As for the isolated Americas ideas of divine kingship sustained by powerful priesthoods and religious warfare also prevailed as exemplified by the Inca and Aztec empires

Whispering the Secrets of Language: An Psychological Quest through **The Land And Government Of Muscovy A Sixteenth Century Account**

In a digitally-driven earth where monitors reign great and instant communication drowns out the subtleties of language, the profound secrets and mental subtleties concealed within phrases usually get unheard. However, nestled within the pages of **The Land And Government Of Muscovy A Sixteenth Century Account** a fascinating literary treasure pulsing with natural feelings, lies an extraordinary journey waiting to be undertaken. Published by an experienced wordsmith, that charming opus encourages readers on an introspective trip, delicately unraveling the veiled truths and profound affect resonating within the very cloth of each and every word. Within the emotional depths of this poignant review, we shall embark upon a genuine exploration of the book is primary themes, dissect its interesting publishing type, and succumb to the strong resonance it evokes strong within the recesses of readers hearts.
