Noorduynd,A. Teeuw,2021-11-15 Preserved on undated palm leaf manuscripts Old Sundanese texts are generally in poor condition and unavailable to a wider audience There are limited texts in any form of Sundanese and only limited knowledge of Old Sundanese In presenting three long Old Sundanese poems Noorduynd and Teeuw in a heretofore unequalled English language study of Old Sundanese literature bring to the light works of importance for further linguistic literary and historical research The three poems The Sons of Rama and Rawana The ascension of Sri Ajnyana and The story of Bujangga Manik A pilgrim s progress were undiscovered before this book The first two were found in a nineteenth century manuscript collection of the former Batavian Society and are now in the National Library of Indonesia in Jakarta while the third was donated to the Bodleian Library in Oxford as early as 1627 though it was not identified as an Old Sundanese poem until the 1950s *Essays on Eddic Poetry* John McKinnell,l Donata Kick,John D. Shafer,2014-01-01 Essays on Eddic Poetry presents a selection of important articles on Old Norse literature by noted medievalist John McKinnell While McKinnell s work addresses many of the perennial issues in the study of Old Norse this collection has a special focus on the interplay between heathen and Christian world views in the poems Among the texts examined are H v am l which includes an elegantly cynical poem about inn s sexual intrigues and a more mystical one about his self sacrifice on the world tree in order to gain magical wisdom V lundarkvi a which recounts an elvish smith s revenge for his captivity and maiming and Hervararkvi a where the heroine bravely but foolishly raises her dead father to demand the deadly sword Tyrfingr from him Originally published between 1988 and 2008 these twelve essays cover a wide range of mythological and heroic poems and have been revised and updated to reflect the latest scholarship The Comedies, Histories, Tragedies, and Poems of Wm. Kendall, 2007-02-22 Thirty-seven chapters written by leading literary critics from across the world describe the latest thinking about twentieth-century war poetry The book maps both the uniqueness of each war and the continuities between poets of different wars while the interconnections between the literatures of war and peacetime and between combatant and civilian poets are fully considered The focus is on Britain and Ireland but links are drawn with the poetry of the United States and continental Europe The Oxford Handbook feeds a growing interest in war poetry and offers in toto a definitive survey of the terrain It is intended for a broad audience made up of specialists and also graduates and undergraduates and is an essential resource for both scholars of particular poets and for those interested in wider debates about modern poetry This scholarly and readable assessment of the field will provide an important point of reference for decades to come Brodsky Translating Brodsky: Poetry in Self-Translation Alexandra Berlina, 2014-04-24 Winner of the Anna Balakian Prize 2016 Is poetry lost in translation or is it perhaps the other way around Is it found Gained Won What happens when a poet decides to give his favorite Russian poems a new life in English Are the new texts shadows twins or doppelgangers of their originals or are they something completely different Does the poet resurrect himself from the death of the author by reinterpreting his own work in another language or does he turn into a monster a bilingual bicultural centaur Alexandra Berlina herself a poetry translator and a 2012 Barnstone Translation Prize laureate addresses these questions in this new study of Joseph

Brodsky whose Nobel prize winning work has never yet been discussed from this perspective *Inscribed Objects and the Development of Literature in Early Japan* Joshua Frydman, 2023-06-26 The introduction of writing enables new forms of literature but these can be invisible in works that survive as manuscripts Through looking at inscriptions of poetry on garbage and as graffiti we can glimpse how literature spread along with writing This study uses these lesser studied sources including inscriptions on pottery architecture and especially wooden tablets known as mokkan to uncover how poetry and literature more broadly was used shared and thrown away in early Japan Through looking at these disposable and informal sources we explore the development of early Japanese literature and even propose parallels to similar developments in other societies across space and time
