**Glimpses of Reality** V.H.Ram,2017-12-08 Among the many commonly discussed subjects on love religion history and so on there are quite a few wherein conventional and traditional beliefs and views obscure the underlying reality The general reader of this book will find the truths exposed in it both informative and interesting Some readers though might find them disturbing especially if they wish to cling on to certain well loved and pet beliefs inherited from tradition As a contrast to pet beliefs the author has included in this book a chapter on science where pet beliefs have no place In this chapter he has briefly outlined the steps taken by astronomers through the ages in determining the vastness of the Universe This is the science of celestial metrology [HIS-STORY ON HOW THE WORD CAME TO BE](#) Randall Cripps,2012-08-31 Every faith in the world is based on fabrication That is the definition of faith acceptance of that which we imagine to be true that which we cannot prove Every religion describes God through metaphor allegory and exaggeration from the Early Egyptians through modern Sunday school Metaphors are a way to help our minds process the Unprocessable The problems arise when we begin to believe literally in our own metaphors Religious allegory has become a part of the fabric of reality And living in that reality helps millions of people cope and be better people *The Sunday School Helper* ,1894 **Saints: A Family Story** John Cavadini,Catherine Cavadini,2023-09-26 A beautifully illustrated collection of the stories of the Saints the whole family will love by father and daughter writing team John and Catherine Cavadini with stunning portraits by Anastassia Cassady This collection Saints A Family Story is composed of stories the authors have written for their own children and grandchildren and friends They are adapted from Scripture from original sources within the Tradition and from the writings of the saints themselves or their family and friends The saints are presented as a Family living in many different times and places Just think many of these saints learned to love and to live the faith through the witness of their parents and grandparents or their brothers and sisters Other saints form spiritual families with connections between them found across the centuries The stories begin with Pope St John Paul II because he called the Church today to sanctity by giving us the gift of more and more saints The stories then move chronologically from stories of saints in the Gospels to martyrs confessors and ascetics of the early Church to saints of the medieval period and to more modern saints like Ven Augustus Tolton Bl Pier Giorgio Frassati and St Teresa of Calcutta Through the stories of these saints we receive new brothers and sisters mothers and fathers grandmothers and grandfathers in the faith Each person s life tells the story of God s love in a unique and unrepeatable way The illustrations bring shape and color to these stories capturing the true diversity among the magnificent and beautiful family of saints *False Justice* Stuart Greaves,2012-12-18 Justice for all False Justice specifically calls for a paradigmatic shift in the way most people think about justice Having a right paradigm of fairness is crucial to withstanding the type of deception that is rapidly permeating our culture today False Justice equips you with the Christ focus and the biblical backing needed to form a right and godly mindset regarding social justice Distinct from other Christian books about social justice

False Justice has a Christ centric focus it defines justice in relation to Jesus Himself doesn't simply suggest methodologies it calls for a change in the foundational paradigm of justice tells how Jesus intends to bring godly justice upon the earth reveals how the message of the gospel is the message of justice False Justice brings you closer to God by clearly revealing His desire for righteousness honesty and integrity in the earth setting Christ as the ultimate vision of justice and calling you to set your attention solely on Him

*The Nature of Love* Thomas Jay Oord, 2010-04-01 God is love Consequently shouldn't love exist at the center of Christian theology When love is at the center theology is understood differently than it has typically been understood Some theologians have placed faith at the center others God's sovereignty still others the Church but Dr Oord places the emphasis on love God's love for us revealed in Christ in the Church and in creation and our love for God and others as ourselves must be afforded its rightful place Beginning with the foundation of love is what differentiates the Christian faith from others a loving God Dr Oord defines love as To love is to act intentionally in sympathetic empathetic response to God and others to promote overall well being Is this not what has defined Christians throughout history
