*Google It* Anna Crowley Redding, 2024-06-04 This history of Google and its inventors will inspire young people with energetically written short chapters, interesting facts, graphics, and photos. Booklist starred review: "Think, Invent, Organize, Share. Don't be evil. And change the world." Larry Page and Sergey Brin started out as two Stanford college students with a wild idea: They were going to organize the world's information. From that one deceptively simple goal, they created one of the most influential and innovative companies in the world. The word "google" has even entered our vocabulary as a verb. Now find out the true history of Google from its humble beginnings as a thesis project made out of borrowed hardware and discount toys through its revolution of the world's relationship with technology to a brief glimpse of where they might take us next. In *Google It*, award-winning investigative reporter Anna Crowley Redding shares an inspiring story of innovation, personal and intellectual bravery, and most importantly, of shooting for the moon in order to change the world. A readable and breezy history of the tech behemoth, appealing and timely. School Library Journal. Humorous accounts of Google's unpretentious beginnings as a student project and its early years as a bare bones startup in a friend's garage will intrigue teens who dream of growing their own projects into software and devices used by millions.
