

Gospel of Jesus Christ

God

The Bible explains that God created everything including us. He has the right to tell us how to live. Sin is the rejection of God's authority over us. God is loving, and He is righteous. He will not ignore sin and leave the guilty unpunished.

Man

We rejected God and are guilty of sin. Sin has corrupted every part of our human existence. Our entire being is under sin's power. The penalty of sin is both physical and spiritual death. Our final destiny is eternal active judgment in hell.

Christ

Jesus is fully God and man. He came to die on the cross as a substitute for His people and to pay sin's penalty. Jesus rose from the dead, assuring us that God's wrath is satisfied. Sinners can be freed from sin's power and reconciled with God.

Response

We must turn away from our sin and trust in Jesus and nothing else to save us from sin and the coming judgment. When we repent and believe in Jesus, all our sin is placed on Jesus, and the perfect life Jesus lived is credited to us.

Jonathan Menn,2024-10-29 Is Christianity True is an excellent resource for twenty first century Christians and non Christians who want to investigate the truth claims of Christianity This book tackles the most important issues in a clear and compelling way Part 1 looks at the trustworthiness of the Bible and at Jesus Christ who claimed to be God incarnate He verified his claim by his fulfillment of prophecy and his resurrection from the dead Part 2 shows that the great alternative to Christianity the belief that there is no God or supernatural realm and that the universe and all that exists do so simply by natural forces not only is false but is impossible Part 3 deals with perhaps the greatest challenge to Christianity the problem of evil i e if God is all knowing all powerful and all good then why is there so much evil in the world The book does not shy away from discussing up to date scientific knowledge and shows how this knowledge actually confirms the claims of Christianity This book is a clear yet challenging explanation of the biblical historical philosophical and scientific evidence which shows that indeed Christianity is true
