Improving the sourcing decisions of the government final report. ,2002 Section 832 of the Floyd D Spence National Defense Authorization Act of 2001 the Act required that I as Comptroller General of the United States convene a panel of experts to study the policies and procedures governing the transfer of commercial activities for the Federal Government from Government personnel to a Federal contractor In accordance with the Act I am pleased to transmit to Congress the report of the Commercial Activities Panel the Panel convened to satisfy this statutory requirement Given the importance of this issue I elected to chair this Panel and ensured that it was comprised of highly qualified and empowered representatives from the groups specified in the Act and other knowledgeable individuals A diverse group of high level members were selected as panelists in order to broaden the scope and enhance the quality of our deliberations while increasing our chances of success

Central Bank Credit to the Government Mr.Luis Ignacio Jácome,Ms.Marcela Matamoros-Indorf,Ms.Mrinalini Sharma,Mr.Simon Townsend,2012-01-01 Using a central bank legislation database this paper documents and analyzes worldwide institutional arrangements for central bank lending to the government and identifies international practices Key findings are i in most advanced countries central banks do not finance government expenditure ii in a large number of emerging and developing countries short term financing is allowed in order to smooth out tax revenue fluctuations iii in most

countries the terms and conditions of these loans are typically established by law such that the amount is capped at a small proportion of annual government revenues loans are priced at market interest rates and their maturity falls within the same fiscal year and iv in the vast majority of countries financing other areas of the state such as provincial governments and public enterprises is not allowed The paper does not address central banks financial support during financial crises

Liquidity and Crises Franklin Allen, Elena Carletti, Jan Pieter Krahnen, Marcel Tyrell, 2010-11-30 Financial crises have been pervasive for many years Their frequency in recent decades has been double that of the Bretton Woods Period 1945 1971 and the Gold Standard Era 1880 1993 comparable only to the period during the Great Depression Nevertheless the financial crisis that started in the summer of 2007 came as a great surprise to most people What initially was seen as difficulties in the U S subprime mortgage market rapidly escalated and spilled over first to financial markets and then to the real economy The crisis changed the financial landscape worldwide and its full costs are yet to be evaluated One important reason for the global impact of the 2007 2009 financial crisis was massive illiquidity in combination with an extreme exposure of many financial institutions to liquidity needs and market conditions As a consequence many financial instruments could not be traded anymore investors ran on a variety of financial institutions particularly in wholesale markets financial institutions and industrial firms started to sell assets at fire sale prices to raise cash and central banks all over the world injected huge amounts of liquidity into financial systems But what is liquidity and why is it so important for firms and financial institutions to command enough liquidity This book brings together classic articles and recent contributions to this important field of research It provides comprehensive coverage of the role of liquidity in financial crises and is divided into five parts i liquidity and interbank markets ii the public provision of liquidity and regulation iii money liquidity and asset prices iv contagion effects v financial crises and currency crises
