*the American Inquisition* Griffin Fariello,2008-12-01 A remarkable document of an era that permanently changed the American political landscape *Great Walls of Discourse and Other Adventures in Cultural China* Haun Saussy,2020-03-23 China and the West us and them the subject and the non subject these and other dualisms furnish China watchers both inside and outside China with a pervasive ready made set of definitions immune to empirical disproof But what does this language of essential difference accomplish The essays in this book are an attempt to cut short the recitation of differences and to answer this question In six interpretive studies of China the author examines the ways in which the networks of assumption and consensus that make communication possible within a discipline affect collective thinking about the object of study Among other subjects these essays offer a historical and historiographical introduction to the problem of comparison and deal with translation religious proselytization semiotics linguistics cultural bilingualism writing systems the career of postmodernism in China and the role of China as an imaginary model for postmodernity in the West Against the reigning simplifications these essays seek to restore the interpretation of China to the complexity and impurity of the historical situations in which it is always caught The chief goal of the essays in this book is not to expose errors in interpreting China but to use these misunderstandings as a basis for devising better methodologies for comparative studies **Congressional**

Baar, 2000 This book is not a hipper than thou book like Letter to a Christian Nation not exactly although it can be said that this writer wrote for two University of Wisconsin student newspapers He went to Woodstock Illinois and has been to Harvard Illinois He once held a very high position in Washington Illinois in a tree as a tree surgeon This book is not designed to impress the left wing nerds who now dominate Education but first impressions aside it is a scholarly work that has dug up some eye opening facts about the roots of our culture of Americanism The author is a semi retired Yooper who writes a weekly column for www RenewAmerica us Qualifications While many pundits seem to think that history began with the Summer of Love 1967 this author overheard more history in first grade in a one roomed school in the 1940s than most people today hear in a lifetime His main point is that An attack on your ROOTS is an attack on YOU Any old tree surgeon could tell you that and one of the other main points of this book is that the Youth Revolution of the 1960s was a copy cat image of the Nihilism movement in Russia in the 1860s and Generation XYZ knows even less about the American Revolution than the Russian one Books now take a back seat to the boob tube Some people actually try to avoid the news like the plague but as Francis Bacon once predicted Books will speak plain when counsellors blanch This book is so plain so different and so definitive that the author s long range goal is to restore some balance to Big Education or whichever happens first to get the ruler of Red China to swim across the Bering Strait with the Olympic torch between his teeth
