The Great Return:

The Great Return Arthur Machen, 2022-06-10 The Great Return is a 1915 short story by Welsh author and mystic Arthur Machen Set in a small Welsh village the story revolves around the return of the Holy Grail to the home of its alleged origin The story refers to the Nanteos Cup a medieval wood mazer bowl held for many years at Nanteos Mansion Rhydyfelin near Aberystwyth in Wales It is believed by some that this Bowl is a candidate for the Holy Grail which has the supernatural ability to heal those who drink from it and that is traditionally believed to be fashioned from a piece of the True Cross Amazon

The Origins of Judaism, Christianity and Islam John Pickard, 2021-12-22 There has never been a more important time for a study of the social economic and political origins of Judaism Christianity and Islam three important world religions which share a common root This book takes as its starting point the idea that gods angels miracles and other supernatural phenomena do not exist in the real world and therefore cannot explain the origins of these faiths It looks instead at the material conditions at appropriate periods in antiquity and the social and economic forces at work and it examines the historicity of key figures like Moses Jesus and Mohammed This is a unique book which draws on the research knowledge and expertise of hundreds of historians archaeologists and scholars to create a synthesis that is completely coherent and at the same time is based on real world social conditions It is a book by a non believer for other non believers and it will be a revelatory read even to those already of an atheist agnostic or secularist persuasion United States Reports

Building Economics Ivor H. Seeley, 1996-11-11 This comprehensively rewritten updated and extended new edition of this established text focuses on what has become the

most important single facet of the quantity surveyor's role cost management. The scope of the book has been broadened to take account of the widening and more sophisticated cost management and control service that clients now require. The book examines the factors influencing building costs and how the precontract costs can be estimated, analysed and controlled to ensure that buildings can be completed within the agreed budget and timescale and be of acceptable quality, function effectively and provide value for money. A new chapter on value management has been added together with an introductory chapter on cost modelling; the chapter on life cycling costing is extended while the sections on energy conservation and occupancy costs are expanded. Throughout the text many new case studies with supporting tables and diagrams are included in order to enhance the value of this book to the student and the practitioner. *Geological Survey Circular*, 1950

Could the story of mankind be far older than we have previously believed? Using tools as varied as archaeo-astronomy, geology and computer analysis of ancient myths, Graham Hancock presents a compelling case to suggest that it is. Graham Hancock is featured in *Ancient Apocalypse*, a Netflix original docuseries. A fancy piece of historical sleuthing, intriguing and entertaining and sturdy enough to give a long pause for thought. Kirkus Reviews. In *Fingerprints of the Gods*, Hancock embarks on a worldwide quest to put together all the pieces of the vast and fascinating jigsaw of mankind's hidden past. In ancient monuments as far apart as Egypt's Great Sphinx, the strange Andean ruins of Tihuanaco and Mexico's awe-inspiring Temples of the Sun and Moon, he reveals not only the clear fingerprints of an as yet unidentified civilization of remote antiquity but also startling evidence of its vast sophistication, technological advancement and evolved scientific knowledge. A record-breaking number one bestseller in Britain, *Fingerprints of the Gods* contains the makings of an intellectual revolution, a dramatic and irreversible change in the way that we understand our past and so our future. And *Fingerprints of God* tells us something more. As we recover the truth about prehistory and discover the real meaning of ancient myths and monuments, it becomes apparent that a warning has been handed down to us, a warning of terrible cataclysm that afflicts the Earth in great cycles at irregular intervals of time, a cataclysm that may be about to recur. Readers will hugely enjoy their quest in these pages of inspired storytelling. *The Times UK*
