The Green Empress:

The Green Empress Elizabeth Cadell, 1958 **The Green Empress, by Elizabeth Cadell (4 Cassettes).** Elizabeth Cadell, Jane* Jermyn, **Green** Michel Pastoureau, 2023-06-13 In this beautiful and richly illustrated book the acclaimed author of *Blue and Black* presents a fascinating and revealing history of the color green in European societies from prehistoric times to today Examining the evolving place of green in art clothes literature religion science and everyday life Michel Pastoureau traces how culture has profoundly changed the perception and meaning of the color over millennia and how we misread cultural social and art history when we assume that colors have always signified what they do today Filled with entertaining and enlightening anecdotes *Green* shows that the color has been ambivalent a symbol of life luck and hope but also disorder greed poison and the devil Chemically unstable green pigments were long difficult to produce and even harder to fix Not surprisingly the color has been associated with all that is changeable and fleeting childhood love and money Only in the Romantic period did green definitively become the color of nature Pastoureau also explains why the color was connected with the Roman emperor Nero how it became the color of Islam why Goethe believed it was the color of the middle class why some nineteenth century scholars speculated that the ancient Greeks couldn't see green and how the color was denigrated by Kandinsky and the Bauhaus More broadly *Green* demonstrates that the history of the color is to a large degree one of dramatic reversal long absent ignored or rejected green today has become a ubiquitous and soothing presence as the symbol of environmental causes and the mission to save the planet With its striking design and compelling text *Green* will delight anyone who is interested in history culture art fashion or media *Canadian Gazette and Export Trader*, 1914

The Mammoth Book of New Sherlock Holmes Adventures

Mike Ashley,2009-05-28 The biggest collection of new Sherlock Holmes stories since Sir Arthur Conan Doyle laid down his pen nearly 200 000 words of superb fiction featuring the Great Detective by masters of historical crime including Stephen Baxter H R F Keating Michael Moorcock and Amy Myers Almost all the stories here are specially written the cases presented in the order in which Holmes solved them The result is a new life of Sherlock Holmes with a continuous narrative alongside the stories that identifies the gaps in the canon and places the new and hitherto unrecorded cases in sequence Plus an invaluable complete Holmes chronology

The Alternative Sherlock Holmes Peter Ridgway Watt,Joseph Green,2017-03-02
