new type of biological weapon of mass destruction WMD by means of genetic engineering With panic and chaos engulfing the nation and the threat of a second attack looming a massive manhunt is launched to track down the terrorists Written by a real scientist with authentic detail this novel provides a chilling warning of the technical feasibility of building a powerful new type of biological weapon that has thus far been overlooked but that is more easily constructed and delivered and yet more potent than any previously conceived weapon But don't be terrified For the time being at least it's still fiction

R. Easterling, 2015-07-30 This is a story of love Love which is the same no matter the soul's shell No one should have to be ashamed of the people they love as we are all human I love you Who would have ever thought the words which caused me such dread in the past could ever come to sound so beautiful and feel so very wonderful Returning to Japan after the loss of his mother Hitori hopes to start anew He enters school and longs to make new friends Quickly he realizes that friendship will not be the only thing he finds Befriending a quiet classmate Hitori finds himself falling hopelessly in love Akaya is a shy quiet boy who finds himself stumbling through life afraid of many things At first he is bothered by the outrageous look of the new student Before long however he comes to enjoy the company of the blue haired man and wonders how he made it so long without a friend like Hitori As their friendship blossoms then turns to love the boys have to learn to ignore harsh words from school society and family alike Despite this their love grows and soon they realize soul mates really do exist The sun shines brighter than ever before and the nights aren't nearly as cold as they once were Love has finally warmed the two distraught souls and created an illusion of serenity As seasons change the boys continue to defy society and become something magical But upon receiving horrible news from his mother everything in Akaya's life changes When a time limit is placed on their love the boys fight to make their remaining time together something meaningful Love becomes their whole life as they realize they may not get the fairytale ending to their relationship Without him I am like a book ripped in half Without the beginning you would surely be confused and without the end you will never be fulfilled What could tear these two apart After fighting past societal norms school bullying and angry parents what could finally break them apart **The Fine Green Line** John Newport, 2010-01-20 What happens when a man leaves home for a year to pursue his dream One day playing a particularly spectacular round of golf husband and father John Paul Newport suddenly tastes what it's like to be a pro Deciding to take a year off and hit the road playing golf's mini tour circuit Newport embarks on a wild trip through America's fairways Over the course of his journey inside the somewhat shady often hilarious underbelly of professional golf he uncovers a world of people so totally addicted to golf to the delusion of achievable perfection that they sacrifice everything else to the quest He also discovers the nature of his own obsession with the game and how this constant pursuit of perfection on the golf course reflects the same challenges and frustrations one encounters in life What does it take to master such an intricate unpredictable game In golf as in life why is one so consistently incapable of acting up to one's clearly established potential As Newport struggles to cross that Fine Green Line the infinitely subtle yet critical difference between the top golf professionals and those who never quite make it

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
