The Last Shepherds:

Last Shepherds Charles Bowden, 2011 The Last Shepherds follows hill shepherds Dave Baxter and Stewart and Gwen Wallace through the cycle of hill farming in the Cheviot Hills of Northumberland lambing in spring haymaking shearing in the summer then autumn lamb sales and winter feeding This engrossing book is an extraordinary record of a vanishing way of life on Britain's traditional hill farms

The Shepherd J.C. Staudt, 2017-09-07 There's no job tougher than guiding trade caravans through the wasteland and no man tougher to do it than Toler Glaive Life out here isn't for the fainthearted and lately the pay hasn't kept up with the danger Toler takes up smuggling to make ends meet despite the trading company's strict rules against the practice When nomads ambush the caravan he finds his carefully laid plans unraveling Now he must either take the fall or find someone to take it for him The Shepherd is a prelude novella to J.C. Staudt's debut post-apocalyptic fantasy epic The Infernal Lands and is a part of the Aionach Saga For fans of Mad Max Fallout The Dark Tower Gunslinger and S.M. Videmšek, 2023-08-15 Meet Najin and Fatu the last of the northern white rhinos as well as the scientists conservationists and rangers who are fighting for the species survival The last two remaining northern white rhinos an already functionally extinct species are kept behind three electrical fences and protected by a squad of rangers at the Ol Pejeta Conservancy in Kenya Their names are Najin and Fatu Both are descended from the last male northern white rhino Sudan Najin is his daughter while Fatu is his granddaughter Along with Sudan and another male named Suni they were transferred to Kenya in 2009 in the hope that returning them to their natural habitat might help them regain their zest for life and reproduction

Unfortunately things didn't go to plan With the deaths of Sudan and Suni the northern white rhinos' destiny is now in the hands of their Kenyan caretakers and a team of scientists at the BioRescue international consortium which is developing and using several different techniques to resurrect the species including assisted reproduction and stem cell technologies The plan is to insert northern white rhino embryos into southern white rhino surrogate mothers as soon as possible There is a real chance the first new northern white rhino baby will be born in late 2023 Will science prevail or is it too late Journalists Boštjan Videmšek and Maja Prijatelj Videmšek explore this question by taking readers on a journey through the history of the northern white rhinos They introduce the rangers conservationists and scientists fighting for the future of the northern white rhinos and dissect what led the species to the brink of extinction from wars and climate change to poaching and the black market The Last Two offers hope for the future of the environment and the fight to save the many species that call Earth home
