Farenga,2017-03-16 Through conversations in honor of Dale D Johnson this book takes a critical view of the monoculture in curriculum and policy that has developed in education with the increase of federal funding and privatization of services for public education and examines the shift from public interest and control to private and corporate shareholder hegemony Most states educational responsibilities assessment of constituents curriculum development and instructional protocols are increasingly being outsourced to private enterprises in an effort to reduce state budgets These enterprises have been given wide access to state resources such as public data from state sanctioned testing results field testing rights to public schools and financial assistance Chapter authors challenge this paradigm as well as the model that has set growing premiums on accountability and performance measures Connecting common impact between the standards movement and the privatization of education this book lays bare the repercussions of high stakes accountability coupled with increasing privatization Winner of The Society of Professors of Education Book Award 2018 **Disorderly Women** Susan Juster,2018-09-05 Throughout most of the eighteenth century and particularly during the religious revivals of the Great Awakening evangelical women in colonial New England participated vigorously in major church decisions from electing pastors to disciplining backsliding members After the Revolutionary War however women were excluded from political life not only in their churches but in the new republic as well Reconstructing the history of this change Susan Juster shows how a common view of masculinity and femininity shaped both radical religion and revolutionary politics in America Juster compares contemporary accounts of Baptist women and men who voice their conversion experiences theological opinions and proccupation with personal conflicts and pastoral controversies At times the ardent revivalist message of spiritual individualism appeared to sanction sexual anarchy According to one contemporary revival attempted to make all things common wives as well as goods The place of women at the center of evangelical life in the mid eighteenth century Juster finds reflected the extent to which evangelical religion itself was perceived as feminine emotional sensational and ultimately marginal In the 1760s the Baptist order began to refashion its mission and what had once been a community of saints often indifferent to conventional moral or legal constraints was transformed into a society of churchgoers with a concern for legitimacy As the church was reconceptualized as a household ruled by father figures feminine qualities came to define the very essence of sin Juster observes that an image of benevolent patriarchy threatened by the specter of female power was a central motif of the wider political culture during the age of democratic revolutions **A Measure of Success** Michael J. McTighe,1994-03-08 This book examines the role Protestants played in the formation of the public culture of antebellum Cleveland a developing
