Elton David Buckley,2007 One of music s true global superstars and most admired figures Elton John has sold an estimated 200 million albums worldwide to date and continues to appear regularly in the singles charts thanks largely to a series of high profile collaborations with new faces But he is loved as much for his outrageous personality and witty outspokenness as for his music recent memorable outbursts have included a public comment that people who charge 75 and lip sync should be shot and calling some pushy photographers rude vile pigs He has even admitted that in one of his more comedic cocaine fueled moments he phoned one of his management team to tell him to do something about the wind outside my hotel room Such shamelessness and sheer silliness rivals anything uttered by punk rockers yet it is so typically Elton honest and wittily intemperate Tragedy and heartbreak have played a large part in his life too Behind the parties the hedonism the lavish stage costumes and silly glasses lies a more somber story There have been disputes with managers legal wranglings splits with partners and a divorce Added to that there have been serious health problems a very public battle with his expanding waistline and receding hairline drug addictions and spells when he wanted to quit the music business altogether But now at 60 years old Elton enjoys a stable relationship with his husband David Furnish His demons have been overcome His commercial and critical stock is rising With popular acts like the Scissor Sisters sounding more like Elton than Elton himself Elton John is finally cool again Drawing on many firsthand interviews with his associates and musical collaborators this page turning story of high drama and prodigious talent traces Elton s astonishing journey through life as the colossus of camp while also offering a critical history of his work and analyzing afresh his contribution to popular music

A ^AHouse on Fire John A. Jackson, 2004-11-15 If You Don't Know Me By Now The Love I Lost The Soul Train Theme Then Came You Ain't No Stoppin' Us Now the distinctive music that became known as Philly Soul dominated the pop music charts in the 1970s In *A House on Fire* John A. Jackson takes us inside the musical empire created by Kenny Gamble Leon Huff and Thom Bell the three men who put Philadelphia Soul on the map Here is the eye opening story of three of the most influential and successful music producers of the seventies Jackson shows how Gamble Huff and Bell developed a black recording empire second only to Berry Gordy's Motown pumping out a string of chart toppers from Harold Melvin the Blue Notes the Spinners the O'Jays the Stylistics and many others The author underscores the endemic racism of the music business at that time revealing how the three men were blocked from the major record companies and outlets in Philadelphia because they were black forcing them to create their own label sign their own artists and create their own sound The sound they created a sophisticated and glossy form of rhythm and blues characterized by crisp melodious harmonies backed by lush string laden orchestration and a hard driving rhythm section was a glorious success producing at least twenty eight gold or platinum albums and thirty one gold or platinum singles But after their meteoric rise and years of unstoppable success their production company finally failed brought down by payola competition a tough economy and changing popular tastes Funky groovy soulful Philly Soul was the classic seventies sound *A House on Fire* tells the inside story of this remarkable musical phenomenon
