*Praising God for Our Intelligent Design* Ralford Jones Ed.D. Psy.D., 2021-09-22 The central themes of this devotional emanate from Genesis 1 26 27 and Isaiah 43 7 21 The first

theme is that we are created in God's image and likeness. The second topic emphasizes worship, glorifying, praising, thanking, and adoring God. We are made to glorify God and transmit His glory. The main section of each devotion begins with a scripture referencing a body part which is the theme for that day's study and ends with reflective questions like: Are you efficiently using your head to fulfill God's purpose for your life? What are your thoughts about Job making a covenant with his eyes? Is your mouth used daily as a fountain of life? How can you praise God more for your ears' design and function? This devotional encourages focused attention on the body as a physical and spiritual entity. It calls attention to its stewardship and encourages that each part should be used to fulfill God's essential purpose for our lives. Like the rush of water down a mighty river, let your praise to God flow. To experience this current, you must be intentional to confluence with God's power so you can be audacious and creative in your praise to Him for your Intelligent Design.
