**Positivism**

Social phenomena can be explained using scientific methods

**Constructivism**

The individual mind creates meaning and reality

**Post-structuralism**

Meaning is coded in discourses and languages

**Post-positivism**

Social phenomena can be predicted only by using multiple methods

**Interpretivism**

The social world is too multifaceted to be explained by natural science methods

**Post-modernism**

Truth claims and methods are equally distrusted

**Critical theory**

Research is used to change situations (e.g., empower the subjects of social inquiry)

**Pragmatism**

The end justifies the means; all methods are equally good if they contribute to the understanding of the research problem
