policy in late modern or postmodern society are also discussed *Hyper Education* Pawan Dhingra,2021-09-07 An up close look at the education arms race of after school learning academic competitions and the perceived failure of even our best schools to educate children Beyond soccer leagues music camps and drama lessons today s youth are in an education arms race that begins in elementary school In *Hyper Education* Pawan Dhingra uncovers the growing world of high achievement education and the after school learning centers spelling bees and math competitions that it has spawned It is a world where immigrant families vie with other Americans to be at the head of the class putting in hours of studying and testing in order to gain a foothold in the supposed meritocracy of American public education A world where enrichment centers like Kumon have seen 194 percent growth since 2002 and target children as young as three Even families and teachers who avoid after school academics are getting swept up Drawing on over 100 in depth interviews with teachers tutors principals children and parents Dhingra delves into the why people participate in this phenomenon and examines how schools families and communities play their part Moving past Tiger Mom stereotypes he addresses why Asian American and white families practice what he calls hyper education and whether or not it makes sense By taking a behind the scenes look at the Scripps National Spelling Bee other national competitions and learning centers Dhingra shows why good schools good grades and good behavior are seen as not enough for high achieving students and their parents and why the education arms race is likely to continue to expand Socialisation During the Life Course Klaus Hurrelmann,Ullrich Bauer,2018-01-02 This comprehensive text highlights new developments in sociological educational and psychological aspects of socialisation examining how human beings as subjects experiencing thinking and acting individuals confront the material social and cultural objects of their environment and sustain their position The authors provide an overview of the most important theories of socialisation then integrate these using the Productive Processing of Reality PPR model This novel approach is applied to a life course analysis examining developmental tasks and the challenges of productive processing of the internal and external reality at various stages of development The book also considers contexts addressing the inequalities between different socio economic and ethnic groups and genders to consider how humans with their genetic dispositions and their individual instincts and needs solve the task of coping with the requirements of society culture and economy while at the same time safeguarding their status as unique individuals It is core reading for advanced students on socialisation modules in developmental or social psychology and educational sciences and is additionally of value for the professional training of sociologists teachers and social workers It is also relevant for all those interested in elementary questions of how the interaction between the society and the individual works how human beings deal not only with themselves but also with their social and physical environment and how they shape it in their own way *Childhood and Youth in Germany and The Netherlands* Manuela DuBois-Reymond,René Diekstra,Klaus Hurrelmann,Els Peters,2014-07-24 No detailed description available for *Childhood and Youth in Germany and The Netherlands* Out Of Sight, Out Of Mind Yvonne

Vissing,2021-03-17 Because they re small they re easy to overlook Because their voices don t carry far it s hard to hear them We d rather not look too closely or listen too carefully And if we don t see them maybe they ll just go away But the invisible homeless cannot simply fly away to never never land or pull themselves up by their bootstraps or make a wish upon a star These homeless people are children and they are not always in the inner cities as Yvonne Vissing shows in this poignant study of families housing and poverty As many as a third of our nation s homeless are found in rural and small town America They are all too commonly out of sight and out of mind Homelessness in small towns and rural areas is on the rise Drawing on interviews with and case studies of three hundred children and their families with supporting statistics from federal state and private agencies Vissing illustrates the impact this social problem has upon education health and the economy Families vividly describe the ways they have fallen through cracks in the social structure from home ownership into homelessness Looking toward the future Vissing asks if homeless children are destined to become dysfunctional adults and provides a sixteen year old girl s moving testimony of the vagabond life her homeless family led While the economy and the very nature of the family have changed over past decades housing education and human service industries have failed to adapt Vissing provides a planning model for improving support networks within communities and challenges Americans with a fundamental philosophical question Do homeless children merit fullscale social intervention Ultimately Out of Sight Out of Mind compels us not merely to voice concerns for family and community values but also to assert this commitment consciously through improved essential services
