Bibliometrics in Social Work Gary Holden,Gary

Rosenberg,Kathleen Barker,2013-01-11 Bibliometrics in Social Work examines the cross disciplinary field of bibliometrics including the multiple techniques and applications that have been described in the scholarly literature Moving beyond this general overview the authors examine applications of bibliometrics in social work Subsequent chapters detail how the technique can be used to demonstrate the eventual impact on the field of publications in selected journals These analyses are conducted using the bibliometric technique referred to as citation analysis The authors then move on to present what will be a controversial proposal to some in the field using bibliometrics techniques in making academic personnel decisions The

authors propose that hiring retention tenure and promotion decisions could be made more uniform and fair by using citation analysis. A series of experts in bibliometric analyses then critically respond to these initial chapters. The authors conclude by weaving their responses to these commentators with new scholarship on bibliometrics that has recently appeared. This unique book is a valuable aid for social work scholars. Drawing on broad interdisciplinary streams of scholarship from around the world, the collection illuminates a field that is not well known to social workers. While cautiously advocating for a number of applications of the technique, the authors balance this position by presenting a comprehensive summary of the criticisms of the technique and by the inclusion of a series of critical commentaries by the leading experts on these issues in the field of social work. *Bibliometrics in Social Work* both summarizes what we know and pushes the field to think about how social work professionals can use this approach to improve our scholarship and the evaluation of scholars. *Bibliometrics in Social Work* addresses theoretical and methodological issues: pros and cons from the view of numerous bibliometric scholars; bibliometrics outside of social work; applications within social work; previously reported in the literature; estimates that have been reported in the literature of how much social workers publish and how much impact those publications have had; how citation analysis can be used to analyze a selection of publications in a single journal and their subsequent impact; how citation analysis might be used to improve academic employment decisions; concerns regarding self-citation and multiple authorship; measurement issues in bibliometrics; e.g., age adjustments, concentration, citedness and uncitedness, the Price Index, lag times, persistence, synchronous and diachronous self-citations, the Multiple Author Qualifier. *Bibliometrics in Social Work* critically examines these methods and their applications in social work. The book will be an enlightening read for social work scholars and those academic administrators involved in the evaluation of social work scholars as well as academic librarians that support social work programs.

Handbook of Social Work with Groups Charles D. Garvin, Lorraine M. Gutierrez, Maeda J. Galinsky, 2017-02-13. This comprehensive handbook presents major theories of social work practice with groups and explores contemporary issues in designing and evaluating interventions. Students and practitioners gain an in-depth view of the many ways that groups are used to help people address personal problems, cope with disabilities, strengthen families, and communities resolve conflict, achieve social change, and more. Offering authoritative coverage of theoretical, practical, and methodological concerns coupled with a clear focus on empowerment and diversity, this is an outstanding text for group work and direct practice courses.

Group Work Practice to Advance Social Competence Norma C. Lang, 2010. This textbook introduces social work practice with socially unskilled populations or persons who lack social competence and whose group life is likely to be chaotic or nonexistent unless professionally assisted, providing guidelines for working with these socially disabled persons in group settings. The author outlines the unique pre-group processes of socially unskilled populations and provides a methodology for advancing social competence. She also identifies the professional and agency requirements for working with pre-social processes.

Residential Child Care in Practice Mark Smith, Leon Fulcher, Peter Doran, 2013-02-13 Written by experienced practitioners and academics this is a core text about the practice of residential child care It takes as its starting point the fact that residential child care involves workers and children sharing a common lifespace in which the quality of interpersonal relationships is key Each chapter highlights relevant policy guidance and is developed around a practice scenario discussing key knowledge skills and values relating to its theme This highly practical book should therefore be of value to a range of students at different academic levels from VQ to Masters and to practitioners and managers in residential child care The book draws on ideas from child and youth care and social pedagogic traditions and will appeal to a worldwide audience and provides a valuable addition to the emerging literature around social pedagogy

Integrating Social Work Methods Harry Specht, Anne Vickery, 2021-11-07 Throughout its history social work has been seeking a means to state its purposes and methodology as a unity that transcends the purposes and methodology applicable in particular fields of practice or sanctioned by particular legislation or practised by a particular kind of worker Recent changes in society developments in social work practice new additions to the knowledge base of social work and current reorganisation of the social services had led to an intensified interest in this integrated approach Originally published in 1977 Integrating Social Work Methods introduces the reader to the main developments in the conceptualisation of a unitary method It clarifies what it is that is being unified identifies issues involved in the attempt to unify and discusses their implications for social work practice and training As such it represented the first substantial British text in the field and was widely welcomed by social work practitioners administrators and educators at the time

Ubuntu Philosophy and Decolonising Social Work Fields of Practice in Africa Janestic Mwende Twikirize, Sharlotte Tusasiirwe, Rugare Mugumbate, 2023-10-24 This book addresses a recurrent gap in social work literature by examining Ubuntu as an Indigenous

African philosophy that informs social work beyond the largely residual and individualistic conceptualisation of social work that currently prevails in many contexts. Owing to the lack of social work theories, models and generally literature that is locally and contextually relevant, most social work lecturers based in African context struggle to access learning materials and texts that centre local indigenous voices and worldviews. It is within this context that the ubuntu philosophy has gained traction. There is increasing consensus that Ubuntu as an African philosophy and way of life has the potential to be used as a decolonising framework for social work education and practice. Theorising from Ubuntu can influence and be the foundation for African social work theory and knowledge, social work values and ethics, social work research and policy, and Ubuntu informing different fields of social work practice like social work with older people, children and young people, ubuntu and poverty alleviation, ubuntu and the environment among others. Drawing together social workers engaged in education, research, policy, practice to theorise Ubuntu and its tenets, philosophies and values, this book shows how it can be a foundation for a decolonised, more relevant social work education and practice in African contexts. **Social Work** Jan Fook, 2012-04-05

Social work is a human profession founded on social justice. It is difficult, however, to negotiate this in the constantly changing context of the twenty-first century. Now in its Second Edition, this book considers the critical tradition of social work and updates it with postmodern thinking. Jan Fook draws on critical reflection to help social workers deliver flexible, responsible and responsive practice and to celebrate the ageless ideals of the profession. Jan Fook draws on her own experiences to relate theoretical ideas to real life. Summaries, exercises and further reading are also included in each chapter. Toward Effective Social Work Practice Morley D. Glick, 1974

Social Work Practice for Promoting Health and Wellbeing Liz Beddoe, Jane Maidment, 2013-12-17

Promoting health and wellbeing is an essential part of all effective social work, not just for practice in healthcare settings. In fact, the IFSW holds that social workers in all settings are engaged in health work and physical and mental resilience can make a major difference to all service users' lives. Drawing on international literature and research, the authors collected here encourage thinking about the social, political, cultural, emotional, spiritual, economic and spatial aspects of health and wellbeing and how they impact on the unique strengths and challenges of working with particular populations and communities. Divided into three parts, the first section outlines the major theoretical paradigms and critical debates around social work and ideas of wellbeing, globalisation, risk and vulnerability and the natural environment. The second part goes on to explore how diverse understandings of culture, identity, spirituality and health require different strategies for meeting health and wellbeing needs. The final part presents a variety of examples of social work research in relation to health and wellbeing with specific populations, including mental health. Exploring how structural inequality, oppression and stigma can impact upon people and drawing upon a social model of health, this book is an important read for all practitioners and researchers interested in social work, public health and social inclusion.
