## **Social Contract Theorists Critical Essays On Hobbes Locke And Rousseau:**

The Social Contract Theorists Christopher W. Morris,1999 This is an introduction to the critical literature on the classical and social political thinkers Thomas Hobbes John Locke and Jean Jacques Rousseau      **Will and Political Legitimacy** Patrick Riley,1982 At the heart of representative government is the question What makes government and its agents legitimate authorities The notion of consent to a social contract between the citizen and his government is central to this problem What are the functions of public authority What are the people s rights in a self governing and representative state Patrick Riley presents a comprehensive historical analysis of the meaning of contract theory and a testing of the inherent validity of the ideas of consent and obligation He uncovers the critical relationship between the act of willing and that of consenting in self government and shows how will relates to political legitimacy His is the first large scale study of social contract theory from Hobbes to Rawls that gives will the central place it occupies in contractarian thinking      *Philosophical Anarchism and Political Obligation* Magda Egoumenides,2014-08-28 La obligaci n pol tica hace referencia a la obligaci n moral de los ciudadanos a obedecer la ley de sus estados y a la existencia naturaleza y justificaci n de una especial relaci n entre el gobierno y sus constituyentes Este libro desaf a esta relaci n busca definir y defender la posici n de la filosof a cr tica anarquista contra las alternativas referidas a la justificaci n de las instituciones pol ticas Demuestra el valor de la conquista del enfoque anarquista al problema de la autoridad pol tica observando las teorias del deber natural del estado de justificaci n de la legitimidad de las insituciones pol ticas etc Razona que la perspectiva anarquista es una hecho indispensable para los te ricos de la obligaci n pol tica y puede mejorar nuestros puntos de vista sobre la autoridad pol tica y las relaciones sociales Este libro se construye sobre los trabajos de fil sofos anarquistas como John Simmons y Leslie Green y analiza a los te ricos claves como Rousseau Rawls y Horton Esta fuente har una importante contribuci n a anarquismo pol tico y a los estudios anarquistas en general      Data Protection and Privacy, Volume 16 Hideyuki Matsumi,Dara Hallinan,Diana Dimitrova,Eleni Kosta,Paul De Hert,2024-05-02 This book explores the complexity and depths of our digital world by providing a selection of analyses and discussions from the 16th annual international conference on Computers Privacy and Data Protection CPDP Ideas that Drive Our Digital World The first half of the book focuses on issues related to the GDPR and data These chapters provide a critical analysis of the 5 year history of the complex GDPR enforcement system covering codes of conduct as a potential co regulation instrument for the market an interdisciplinary approach to privacy assessment on synthetic data the ethical implications of secondary use of publicly available personal data and automating technologies and GDPR compliance The second half of the book shifts focus to novel issues and ideas that drive our digital world The chapters offer analyses on social and environmental sustainability of smart cities reconstructing states as information platforms stakeholder identification using the example of video based Active and Assisted Living AAL and a human centred approach to dark patterns This interdisciplinary book takes readers on an intellectual journey into a wide

range of issues and cutting edge ideas to tackle our ever evolving digital landscape      **Disability and Political Theory** Barbara Arneil, Nancy J. Hirschmann, 2016-12-22 A groundbreaking volume from leading scholars exploring disability studies using a political theory approach      **Instrumental Data for Drug Analysis, Second Edition** Terry Mills, III, 1992-09-17 Compiled with the most sophisticated chromatographic and spectrometric instruments available this complete and self contained seven volume reference provides forensic toxicology and clinical laboratories with up to date information on 1 600 drugs and drug related compounds one of the largest collections of analytical data generated from a single source Instrumental Data for Drug Analysis contains timely quality data presented in a large easily usable format It is an essential reference in the libraries of all toxicology analytical chemistry and forensic specialists and laboratories      **Democracy** Ellen Frankel Paul, Fred D. Miller (Jr.), Jeffrey Paul, 2000 The essays in this volume explore questions about democracy that are relevant to political philosophy and political theory Some examine the difficulties involved in determining and carrying out the will of the people some address questions relating to the kinds of influence citizens can or should have over their representatives Other essays analyze democratic institutions while still others examine the relationship between democracy and value pluralism or consider the suitability of democracy as a form of government in non Western societies      **Key Concepts in Military Ethics** Deane-Peter Baker, 2015-09-01 Can war be morally justified What is the philosophy behind armed conflict How do you conduct an ethical war And what guides military action as the nature of conflict changes over time Based on a MOOC Massive Open Online Course designed for both military personnel and non specialists across the globe Key Concepts in Military Ethics is structured as a series of mini chapters that cover a huge range of topics and issues moral dilemmas military and civilian interactions freedom of the press peacekeeping terrorism and humanitarian intervention Written by a team of academic experts many with military experience the book contains scenarios and case studies including the Gulf War the Falklands War Ground Zero in New York City and more conventional theatres of war through history as well as cyber terrorism the role of military contractors and unmanned weapons systems      **Historical Dictionary of Ethics** Harry J. Gensler, Earl W. Spurgin, 2008 Historical Dictionary of Ethics covers a broad range of topics including theories issues and concepts historical periods and historical figures applied ethics non Western approaches and related disciplines Harry J Gensler and Earl W Spurgin tackle such issues as abortion capital punishment stem cell research and terrorism and explain such key theories as utilitarianism natural law social contract and virtue ethics This reference provides a complete overview of ethics through a detailed chronology an introductory essay a bibliography and more than 200 cross referenced dictionary entries including bioethics business ethics Aristotle Hobbes autonomy confidentiality Confucius and psychology BOOK JACKET      **The A to Z of Ethics** Harry J. Gensler, Earl Spurgin, 2010-02-12 The A to Z of Ethics covers a very broad range of ethical topics including ethical theories historical periods historical figures applied ethics ethical issues ethical concepts non Western approaches and related disciplines Harry J Gensler and Earl W Spurgin tackle such issues as abortion capital

punishment stem cell research and terrorism while also explaining key theories like utilitarianism natural law social contract and virtue ethics This reference provides a complete overview of ethics through a detailed chronology an introductory essay a bibliography and over 200 cross referenced dictionary entries including bioethics business ethics Aristotle Hobbes autonomy confidentiality Confucius and psychology The European Philosophers from Descartes to Nietzsche Monroe Beardsley,2002-11-12 Between the earliest and the latest of the works included here we have two hundred and fifty years of vigorous and adventurous philosophizing Monroe Beardsley writes in his Introduction to this collection If the modern period can be only vaguely or arbitrarily bounded it can at least be studied and we can ask whether any dominant themes overall patterns of movement or notable achievements can be found within it This question is one that is best asked by the reader after he has read or read around in these works This Modern Library Paperback Classic also includes a newly updated Bibliography Leviathan Thomas Hobbes,2004 After the publication of his masterpiece of political theory Leviathan Or the Matter and Power of Commonwealth Ecclesiastic and Civil in 1651 opponents charged Thomas Hobbes with atheism and banned and burned his books The English Parliament in a search for scapegoats even claimed that the theories found in Leviathan were a likely cause of the Plague of 1665 and the Great Fire of 1666 For the modern reader though Hobbes is more recognized for his popular belief that humanity s natural condition is a state of perpetual war with life being solitary poor nasty brutish and short Despite frequent challenges by other philosophers Leviathan s secular theory of absolutism no longer stands out as particularly objectionable In the description of the organization of states moreover we see Hobbes as strikingly current in his use of concepts that we still employ today including the ideas of natural law natural rights and the social contract Based on this work one could even argue that Hobbes created English language philosophy insofar as Leviathan was the first great philosophical work written in English and one whose impact continues to the present day

The Currency of Solidarity Vestert Borger,2020-10-08 In their fight against the debt crisis the European Union and its member states took measures that have profoundly changed the euro It now differs fundamentally from when it was introduced by the Treaty of Maastricht Surprisingly this change has come about with hardly any formal amendment to the Union s basic constitutional charter the Treaties How then to understand it This book argues that the constitution of the EU has transformed which occurs when constitutions change without amendment The transformation is characterized by a broadening of the currency union s stability conception from price stability to also financial stability Using solidarity as a lens the book conceptualises the unity of the member states and analyses how this was preserved during the crisis Subsequently it explains how that changed the currency union s set up and why the European Court of Justice could not turn against the change in Pringle and Gauweiler A Political Theology of the Bureaucratic State Steven T. Lane,2024-10-29 Liberal democracies of the twenty first century face the continuing economic tensions of globalization and the various populist political responses In A Political Theology of the Bureaucratic State Steven T Lane argues that a deeper problem exists

underneath the neoliberal system of contemporary democratic capitalism the bureaucratic state and the ways it deploys its sovereignty Yet these problems have received little attention from Christian political thinkers in the fields of ethics or political theology By bringing thinkers from across the academic disciplines from political philosophy and economics to biblical interpretation and public policy and using modern case studies related to public health and welfare state Lane address the foundational issues affecting liberal democracies and the claims to power they make against their citizens

*Introduction to Political Thought* Peri Roberts, 2012-02-22 Your conceptual toolkit for the study of political thought Praise for the first edition This seems really to have been written with the first year student in mind The editors write in a way that is clear intelligent and engaging without being at all condescending Politics Studies Review New for this edition Brand new chapter on international political thought reflecting one of the most striking developments in contemporary political theory This textbook gives you all the vocabulary you need political conceptual and historical to engage confidently and deeply with political thought and the moral and political worlds in which we live It traces the history of political thought from Plato and Aristotle to Kymlicka and Rorty following a unique dual structure that introduces key thinkers and core concepts together making it suitable for any course structure

#### **Democracy in the Christian Church** Luca Badini

Confalonieri, 2012-05-10 Are church structures divinely willed and consequently both permanent and irreversible Can Christians modify the polity of their church like they do with that of civil society What would be the role of the office of oversight in a Christian church democratically organized What would its relationship with specialized authorities within the community be Building on a remarkable number of specialist studies in exegesis church history political philosophy canon law and ecclesiology this book convincingly fulfils three goals First it encourages Christians to determine the political outlook of their faith community Secondly it provides some fundamental criteria for judging the ethical value of church structures on the basis of Bernard Lonergan's cognitional theory and with the help of recent insights from contemporary political philosophy Thirdly it outlines a largely novel and groundbreaking understanding of a democratic church In the process it engages with some of the most difficult ecclesiological issues faced by most Christian churches

#### **From Class to Race**

Charles Mills, 2003-11-19 In *From Class to Race* Charles Mills maps the theoretical route that brought him to the innovative conceptual framework outlined in his academic bestseller *The Racial Contract* 1997 Mills argues for a new critical theory that develops the insights of the black radical political tradition While challenging conventional interpretations of key Marxist concepts and claims the author contends that Marxism has been white insofar as it has failed to recognize the centrality of race and white supremacy to the making of the modern world By appealing to both mainstream liberal values and the structuralism traditionally associated with the left Mills asserts that critical race theory can radicalize the mainstream Enlightenment and develop a new kind of contractarianism that deals frontally with race and other forms of social oppression rather than evading them

#### **Moral Philosophy: A Contemporary Introduction** Daniel R. DeNicola, 2018-11-30 Moral

Philosophy A Contemporary Introduction is a compact yet comprehensive book offering an explication and critique of the major theories that have shaped philosophical ethics Engaging with both historical and contemporary figures this book explores the scope limits and requirements of morality DeNicola traces our various attempts to ground morality in nature in religion in culture in social contracts and in aspects of the human person such as reason emotions caring and intuition

**Criminal Discovery** Cosmas Moisidis,2008 In Criminal Discovery From Truth to Proof and Back Again author Cosmas Moisidis examines aspects of pre trial stages such as police interrogations preliminary hearings and discovery between the prosecution and the defence addressing contentious issues such as the right to silence and the privilege against self incrimination These issues give rise to strong emotive and polarised differences of opinion Criminal discovery is an area in which views are entrenched and passions run high Criminal Discovery From Truth to Proof and Back Again seeks to inform the current debate through a detailed analysis of the history theory and practice of criminal discovery Historical and jurisprudential matters which are not commonly known are here brought to light The approach is holistic and comparative examining the issues in detail with reference to the jurisdictions of the United Kingdom United States particularly California and Australia It concludes with recommendations to guide the future putting forward a reciprocal criminal discovery model which it is argued will enhance the truth seeking potential of the adversarial criminal trial
