Sourcebook of Rehabilitation and Mental Health Practice David P. Moxley,John R. Finch,2006-04-11 We live in a day and age in which many fields come together to define new ones and out of these newly defined areas come innovative practices and emergent ways of thinking The Sourcebook on Rehabilitation and Mental Health Practice documents one of these new fields one formed by the coalescence of rehabilitative and mental health services and employment Only recently have human service

practitioners policy makers and administrators recognized that there is a growing synergy among these areas once separated by great gulfs of differences in culture perspectives and values and technologies It is not happenstance that rehabilitation mental health and employment are becoming increasingly integrated in contemporary human services There is considerable interest in work in contemporary society although different values and perspectives mediate this interest For people with disabilities an interest in work often comes from deep frustration from not having ready access to work and from not having enough of it to facilitate an acceptable quality of life or independent living Some people find work to be a source of problems that negatively affects their functioning They find the workplace stressful and unsupportive or they feel that work exacts too much from them reducing their quality of life and setting into motion numerous negative personal effects Beck 2000

Innovations in Practice and Service Delivery Across the Lifespan David E. Biegel, Arthur Blum, 1999 This text will introduce practitioners and students to recent strategies and innovations to effectively deal with a range of problems across the lifespan such as homelessness alcohol and drug abuse teen violence and mental illness

A Guide to Evidence-Based Group Work Mark J. Macgowan, 2008-02-12 This is the first textbook that illustrates step by step how to practice evidence based group work As group workers are increasingly being held accountable to evaluate monitor and improve their practice there are scant resources available that apply specifically to their practice General books on evidence based practice lack the rich material on group work organized for the first time in this one volume Designed specifically as a supplement for undergraduate and graduate group work courses the text is organized around the process and philosophy of evidence based practice formulating appropriate practice questions searching for evidence critically reviewing available evidence applying the evidence with judgment skill and concern for the group members and evaluating the outcomes achieved The evidence based group work framework teaches students how to skillfully apply best practices through practical learning activities case examples research designs step by step guidelines and checklists assessment tips and detailed instructions for formulating questions and evaluating answers It will be equally valuable as a handy reference for professionals eager to hone their practice skills
